COUNTY GETS \$45,854 GAS TAX REFUND

Increased use of gasoline in the county this year was reflected in a \$45,854.49 check the county received from the state today.

The amount represented the county's share from the liquid fuel fund which represents state taxes paid on gasoline. Each county is given a share of the tax based on the amount of gasoline tax paid by the dealers within each county.

The money is turned over to the counties for their use under certain limitations. In Adams County part of the amount is retained by the county for use in maintaining and replacing bridges under its jurisdiction and the remainder is divided on a population-road mileage basis between the various townships and boroughs as "county aid."

The \$45,854.49 check received today represents the tax received by the state during the period from June 1 to December 1 and is the largest single check the county has received from the gasoline tax. The largest previous check was \$43,809.53 received in December 1964.

The present check, plus the check for \$39,835.19 received by the county in June brings the total amount received from the gas tax by the county during 1966 to \$85,689.58. That amount is \$6,284.12 more than the income from the tax received by the county in 1965 when the two checks totaled \$79,425.56.

RUSSELL GROVE PRESIDENT FOR BABY BEEF CLUB

Russell Grove Jr., Gardners R. 2, was elected president of the Adams County 4-H Baby Beef Club Wednesday evening at a meeting held at the home of Linda Hoffman, Biglerville R. 1.

Dorothy Wetzel, Hanover R. 5, was elected vice president; Janet Hay, Gettysburg R. 3, secretary and news reporter; and Larry Bair, Littlestown R. 2, game leader. Elected as local leaders were Theron Bair, Littlestown R. D., and Russell Grove Sr., Gardners R. D.

Selection of the local leaders by vote of the 40 club members was a departure from prior years when the selection was made by the representatives of the Agricultural Extension office.

Vote New Judging Plan

Members of the club were polled by mail during the month on two matters—whether they wished to elect their own leaders, and whether they wished to continue the judging of the beefs at the annual county roundup as fat cattle, or wanted to have the cattle judged twice at the roundup, first as fat cattle and then on type, quality and body conformation—to select the representatives for the Farm Show. Up to the present the top animals in the roundup, judged on a fat cattle basis, have been the county's representatives at the Farm Show. The majority voted for the new type of judging.

A brief meeting was held following the club meeting for the seven members whose animals will represent the county in next month's Farm Show. The even are Linda Hoffman, Biglerville R. 1; William Grove, Gardners R. 2; Janet Hay, Gettysburg R. 3; Barry Breighner, Littlestown R. 2; Larry Bair, Littlestown R. 2; Glenn Bentzel, New Oxford R. 2, and Patrick Murren, Hanover R. 4.

Associate County Agent Fred H. Attinger explained to the group that originally Adams County had been allotted six steers as its representation in the state Farm Show, but when it became apparent that another county was not going to send its full quota, request was made and granted to increase the Adams quota.

50th Watch-Night Rites At Emmitsburg

The 50th annual Watch-Night service will be held Monday evening from 11 o'clock to midnight at Elias Lutheran Church, Emmitsburg.

Included on the program will be a message by the pastor, the Rev. Philip Braker, and special music by the choir under the direction of Mrs. Reginald Zapp.

Holy Communion will be administered Sunday, January 6, at the 8 and 10:30 a.m. services.

HELD FOR COURT

George R. Miller, Breckenridge St., was held for court on \$500 bail by Justice of the Peace Robert P. Snyder this morning on a charge of surety of the peace brought against Miller by James Mauston, Breckenridge St. At the hearing before the justice a charge of disorderly conduct brought by Mauston against Miller was dismissed as were charges of disorderly conduct and surety of the peace brought by Mauston against Richard Harrell, 700 S. Washington St.

Gunfire, Possible Mass Arrests In Integration Effort In South

By THE ASSOCIATED PRESS

Gunfire, suspension of a bus system, possible court action and mass arrests marked efforts to integrate seating of Negroes and white persons on city bus systems in two racially troubled Southern states.

Gunshots echoed last night in Montgomery, Ala., where city buses were integrated Friday under federal court order. A blast from a shotgun loaded with birdshot hit one bus; nine 22-caliber bullets slammed into another.

One bus contained four Negro passengers and a white driver. The other was empty except for the driver. No injuries were reported in these first shooting incidents since integration of buses in this Alabama capital, scene of a yearlong Negro bus boycott.

Suspend Franchise

At Tallahassee, capital of Florida (population 40,000), the City Commission suspended the franchise of Cities Transit Co. last night because of "efforts of local Negroes to integrate" the bus system.

The City Commission said the order was to take effect immediately. A spokesman for the transit company said, however, that the buses would run unless stopped by police.

The transit company considered the order illegal, said Charles Ausley, company counsel.

The order was issued shortly after the Inter-Civic Council, a sparkling of the Negro battle against segregation, announced a "ride the bus, integrated" campaign to get the buses and use of the city's 15,000 Negroes to defy segregated bus seating laws.

Earlier in the day a group of Negroes took front seats on two buses which served white residential districts. Bus drivers made no effort to stop them. After they were seated, three white people went to the rear.

Two Arrested

A similar and more widespread effort at Birmingham, Ala., resulted in the arrest of 2 Negroes in what was described by Negro leaders as a "peaceful demonstration."

The Rev. F. L. Shuttlesworth, 34-year-old Negro minister who has taken a leading role in the fight against seated segregation in Birmingham, called for an end to the demonstration in the wake of the arrests, but Negroes later voted at a mass meeting to continue riding buses on an integrated basis.

Home Damaged

Shuttlesworth said the 2 arrests "gives us the right to ask the federal courts to enjoin the city of Birmingham from preventing us from sitting anywhere we want."

Shuttlesworth's home was damaged by a dynamite bomb Christmas night.

At Mobile, Ala., the Mobile City Lines, Inc., said it was no longer requiring Negroes to take rear seats on its buses and that drivers were being told to handle seating arrangements "as diplomatically as possible."

Informed of this decision, the Mobile City Commission sent a letter to the bus company ordering it to enforce segregation ordinances.

FIRE CHIEFS TO AID FAMILY OF WOUNDED CHILD

The Adams County Fire Chiefs' Association today asked donations toward "providing a Christmas for the Noel children."

The children are nine youngsters of Mrs. Dorothea M. Noel, who reside with their mother in a three room frame structure near Green Springs.

One of the youngsters, five-year-old Peggy Noel, was accidentally shot in the left thigh by her brother Christmas Eve. The mother had been driven to Hanover by a neighbor to do some Christmas shopping for the family. She had only begun to shop when word reached her that her daughter was in the hospital critically shot. The Christmas shopping was never completed.

Haunted By Trouble

Bernard V. Miller, Gettysburg R. 1, president of the Adams County Fire Chiefs Association, said today: "I visited the Noel family Wednesday night. There was no evidence that any of the children had received any toys and it was very evident that money Mrs. Noel receives from social security and public assistance is needed to feed and attempt to clothe her family."

"I would not have believed there was a child in Adams county who did not receive toys at Christmas, but here was a family where only a small Christmas gift could have been expected by each at best, and suddenly tragedy struck, wiping out that possibility."

"The family has been subject to tragedy. Four years ago in December, the father killed himself. The seven-year-old son who fired the shotgun which injured his sister fell from a moving car several years ago and has not recovered completely. The four-year-old son, the baby of the family, broke an arm several months ago."

Live In 3 Small Rooms

"The family is in need of a larger home. With three small rooms, the family is badly crowded. The mother sleeps in what would be the living room."

ADAMS FIREMEN ARE CALLED TO HANOVER BLAZE

A flash fire set off by sparks from a metal buffing sander destroyed the Thompson Trailer assembly plant at Hanover Wednesday evening at 8:05 o'clock with loss estimated at \$400,000.

Hanover, McSherrystown, and Pennville Fire Companies fought the blaze while most Adams County fire companies stood by in fire houses to go to the scene had the fire spread.

Fed by lacquer fumes, flames raced through the one-story structure on Poplar St. extended, Hanover, and set the roof blaze in about 20 minutes. Workmen said the metal buffer was being used on an assembled vehicle when the highly inflammable fumes were ignited by sparks.

There was no injuries as nine fire companies fought the fire which started at 7:40 o'clock. About 30 men employed on the night shift escaped from the building.

Guarded Oil Tanks

Plant superintendent Harvey Miller said about 125 persons were employed on the day force.

Firemen directed their efforts at preventing the flames from spreading to storage tanks of the Atlantic Refining Company about 25 feet from the building. Hanover Fire Chief Victor W. Kroh said a large tank was about one-third full of gasoline and four smaller tanks contained kerosene and fuel oil.

Kroh made the loss estimate. Nine fire fighting apparatuses were on the scene from the Hanover, McSherrystown and Pennville companies.

10 Trailers On Line

Whitmore Redding, night foreman at the plant, said the fire started at the rear of the 80 by 150-foot one-floor building and raced through the structure.

The concrete block plant, owned by Robert and Albert Thompson, Pikeville, Md., was used to assemble 20-foot metal refrigerated trailers for the Army.

Miller said about ten trailers were on the assembly line and parts were on hand for 40 complete units. He estimated the value of each unit at \$7,500.

It could not be determined immediately how much of the loss was covered by insurance.

GHS Band To Head Section Of Parade

Gettysburg High School's 60-piece Senior High School band will march in a place of honor at the head of the Citizens for Eisenhower division of the inaugural parade in Washington, D. C., January 21, according to word received here.

Band Director Robert G. Zeigler said he will take the 60 members of the band, nine majorettes, four color guards, a drum major and two banner carriers to the inaugural parade. Arrangements for transportation and other preparations for the band's trip were being discussed at meetings this afternoon in which Burgess William G. Weaver is taking part.

Adams Countians have been advised they can secure tickets for the inaugural parade by contacting Col. LeRoy Greene, administrative assistant in the office of U. S. Senator Edward Martin at Washington.

MISS MARTIN

COUPLE TO WED THIS AFTERNOON IN TANEYTOWN

In a holly and poinsettia setting Miss Dorothy Anne Alexander, daughter of Mr. and Mrs. Andrew Alexander, Taneytown, will become the bride of Harmon Charles Bickley Jr., son of Mrs. John Karas, Inkster, Mich., and Harmon C. Bickley, New York City, this afternoon at 3 o'clock in the Trinity Evangelical Lutheran Church, Taneytown.

The pastor, Rev. Stanley B. Jennings, will officiate at the double-ring ceremony. The church has been decorated with white poinsettias, fir trees and candles and the stained-glass windows have been hung with holly wreaths. The candelabra is entwined with evergreens, white pompons and chrysanthemums.

Miss Hazel Hess, organist, will play selections from Bach, Handel, Wagner, and Purcell in a half-hour recital before the wedding. She will also accompany the soloist, Miss Olga Grether, Baltimore, who will sing Grieg's "Ich Liebe Dich," Bohn's "Calm as the Night" and "Consecration." The traditional wedding marches will be played.

To Be Given By Father

The bride, to be given in marriage by her father, will wear a full-length gown of white silk tulle and imported French lace. It is fashioned with a form-fitting bodice designed on empire lines with a scoop neckline appliqued with similar lace. The long sleeves taper over the wrists and the full skirt, trimmed with two front lace panels, ends in a chapel train. Her fingertip veil is attached to a double-ring ceremony. Mrs. George F. Eberhart, organist, played wedding marches by Carl Rosini. She accompanied the soloist, Paul C. Callahan, Gettysburg, who sang "Pania Amareus," "Hail Holy Queen" and "O Sacred Heart of Mary." The bride, given in marriage by her father, wore a floor-length gown of white tulle with a fitted bodice and a bouffant skirt. The sash and neckline were edged in Alencon lace and the long sleeves tapered over the wrists. Her fingertip tulle veil was attached to a coronet of lace and seed pearls. She carried a white prayer book topped with a white orchid.

Highway Cindering Crews Work Today

Adams County highway crews were busy cindering the roads during this morning's light snow storm which began at 6 o'clock. They reported roads slippery and icy in the western and northern parts of the county particularly in the mountain areas where the snow covered the roads—but not deep enough to be measurable. The snow melted later in the day. In the southeastern part of the county the snowfall was not sufficient to affect the roads.

The snow here was part of a fall over much of the state. As in Adams County the snow melted quickly in the southeastern part of the state. In central and western areas the fall was much heavier. Blairsville reported five inches, Pittsburgh and Brookville three inches each. The Weather Bureau said the snow will continue, on and off, all day.

DEATHS

Francis Strausbaugh

Word of the death of Francis Strausbaugh, 67, Hagerstown, which occurred Wednesday morning at 5:30 was received by his sister, Mrs. Sylvia Weaver, Hanover R. 4. A son of the late John C. and Anna Mary Jacobs Strausbaugh, he was a retired railroad employee and a former resident of Hanover.

He was the husband of the late Anna May Greff, New Oxford. Surviving are three daughters, Mrs. Frances Datus, at home; Mrs. Eleanor Cook, Waynesboro and Mrs. Marie Smiley, Hagerstown, and the following brothers and sisters: Augustus Strausbaugh, Hanover R. 5; Ambrose Strausbaugh, Mrs. Sarah Weaver, Mrs. Emma Geisley, all of Hanover, and Mrs. Weaver, Hanover R. 4.

Funeral services Saturday with friends meeting at the home at 8:30 a.m. followed by services at 9 a.m. at St. Mary's Catholic Church, Hagerstown. Burial in the Hagerstown Cemetery. Friends may call at the home. Prayers will be recited Friday evening by members of the Holy Name Society.

Gale-whipped Brush Fires In California Sweep 20,000 Acres

MALIBU, Calif. — A gale-whipped brush and timber fire raced with new fury today as two more spots broke out and the perimeter increased to 22 miles.

The fire, burning for the second day in a scenic area extending from the Pacific Ocean inland to the Santa Monica Mountains, has now consumed more than 20,000 acres. A number of substantial homes have been destroyed and one man has died.

Winds up to 50 miles per hour harnessed the fire crews at the lower levels and those higher up reported they were all but helpless in the face of gusts which frequently reached 70 to 80 m.p.h.

New Fires Appear

The new spots appeared in the early morning hours. One raced down Corral Canyon to U.S. Highway 101, on the east. The other broke out in Sequit Canyon on the west, then burning to the ocean, then skimming back to the mouth of the canyon and flaming north.

The stricken area, dotted with expensive homes, beach cottages, large and small trailers, and bungalows, is located where the coastline runs east and west 15 to 25 miles northwest of downtown Los Angeles.

Los Angeles County Fire Chief Keith R. Johnson said that at least 100 homes have been destroyed.

An estimated number of small homes and trailers were consumed. The fire spread rapidly and burned from the mountains and ocean.

Evacuated Home Burns

Homes evacuated include a bungalow located on Beach Boulevard, which was destroyed. The owner, a woman, was rescued with a few minutes to spare when the fire broke out.

Weishaar Heads Ambulance Group

Glenn Weishaar was named chairman of the ambulance committee of the Gettysburg Fire Department at an organization meeting of the committee Wednesday evening at the engine house on E. Middle St.

Raymond E. Menkes was named secretary of the committee which discussed plans for operation of the second-hand ambulance recently purchased by the company when it becomes available for use in about a month.

Preliminary plans were made for the training of teams in first aid. Under the plans discussed various teams of firemen will be set up on a volunteer basis to operate the ambulance when it is put into use.

ANNUAL DINNER AT VFW HOME ON JANUARY 9

Plans for a number of activities were outlined Wednesday evening at a meeting of VFW Post 15 and its Home Association at the VFW home, E. Middle St.

The annual Past Commanders' and Athletes Awards banquet will be held January 9 at the post home with a committee headed by Francis Wisotzky appointed to make final arrangements for the affair. Portraits of the past commanders are to be placed above the fireplace in the grill at the home and will be in place for the banquet it was decided.

John Rummel was announced as county chairman for the Blue Grutch drive of the VFW in connection with the annual polo campaign. Rummel said he planned to meet with Blue Grutch chairmen from Littlestown and East Berlin posts next week to complete plans for the annual drive.

To Plan Vets' Day

Commander Raymond Strohm appointed Francis Wisotzky, Arthur J. Roth, Robert Swisher, John W. Roth and Wayne Asper as the Veterans Day committee for the post. The committee will meet with a similar group from the Albert J. Lentz American Legion post to plan next year's Veterans Day event.

A committee comprising A. J. Roth, Patrick D. McDermitt, John Murray, John Palmer, John Rummel, Robert Jackson, Francis Wisotzky and Raymond Strohm was appointed to meet with the post firing squad at its next meeting January 15 to aid in securing additional volunteers for the firing squad and aid in its reorganization.

Commander Strohm reported plans to set up a dart league for youngsters in cooperation with the (Continued On Page 4)

TWO BADLY HURT WHEN CAR SKIDS ON SNOW TODAY AND HITS TRUCK

The snowfall this morning resulted in an accident near Benderville in which Doris J. Rhodes, 18, Gardners R. 2, suffered a fractured skull, broken neck and ruptured windpipe and a 16-year-old passenger in her car suffered skull and jaw fractures.

The accident was one of three investigated by state police in the last 24 hours.

Wednesday afternoon a three-year-old boy, Earl David Snyder, New Oxford R. 1, suffered a possible fracture of the skull when he ran across the Hanover-Cross Keys Road at Red Hill. None was hurt in the third crash. In Midway, Wednesday evening.

Car Skidded In Snow

State police said Miss Rhodes, a secretary at the C. H. Musselman Co., was headed south on the Gettysburg-Carlisle Rd., approximately three miles north of Biglerville, this morning when her car skidded in the snow and crossed into the north lane of traffic, smashing into a pick-up truck operated by Amby Harper, 47, Biglerville R. 2, state highway department laborer. Damage was estimated at \$800 to the car and \$1,000 to the truck.

Brought to the Warner Hospital in the Gettysburg ambulance, Miss Rhodes was found to be in a serious condition with lacerations of the face and neck in addition to the fractured neck and skull and the ruptured trachea.

Berne C. Hart, 16, Aspers R. 1, a passenger in Miss Rhodes' car, who had been seated at the right of the front seat, had lacerations of the face and head in addition to the skull and jaw fractures. He also was listed as in a serious condition. Both were admitted as patients at the hospital.

Dietrich Weichmann, 50, Biglerville R. 2, who was in the truck with Harper, was removed by a passing motorist to the office of Dr. P. J. McGlynn, Biglerville, where he was treated for contusions and lacerations of the face, a laceration of the right leg and abrasions of the head. Harper was not listed among the injured.

Boy, 3, Hurt

The accident in which Earl David Snyder, aged 3, of New Oxford R. 1, was injured occurred at 1 o'clock Wednesday afternoon four miles north of Hanover on the Cross Keys Rd.

State police said Harry F. Miller, 52, Hanover, was driving north when he came over the crest of Red Hill and found the child in his path, crossing from the west side to the east side of the road. Police surmise the youngster had wandered away from his trailer home about 3/10 of a mile from the road, on the west side, and was headed toward a store on the other side of the road.

Accident In Midway

Miller drove the child to the Hanover Hospital where he was admitted.

The accident in Midway at 1:30 o'clock Wednesday night occurred at the intersection of Elm and Jefferson Sts., when, according to police, Paul L. COUNTY GETS \$45,854 GAS TAX REFUND

Increased use of gasoline in the county this year was reflected in a \$45,854.49 check the county received from the state today.

The amount represented the county's share from the liquid fuel fund which represents state taxes paid on gasoline. Each county is given a share of the tax based on the amount of gasoline tax paid by the dealers within each county.

The money is turned over to the counties for their use under certain limitations. In Adams County part of the amount is retained by the county for use in maintaining and replacing bridges under its jurisdiction and the remainder is divided on a population-road mileage basis between the various townships and boroughs as "county aid."

The \$45,854.49 check received today represents the tax received by the state during the period from June 1 to December 1 and is the largest single check the county has received from the gasoline tax. The largest previous check was \$43,809.53 received in December 1954.

The present check, plus the check for \$39,835.19 received by the county in June brings the total amount received from the gas tax by the county during 1956 to \$85,689.58. That amount is \$6,264.12 more than the income from the tax received by the county in 1955 when the two checks totalled \$79,425.56.

RUSSELL GROVE PRESIDENT FOR BABY BEEF CLUB

Russell Grove Jr., Gardner R. 2, was elected president of the Adams County 4-H Baby Beef Club Wednesday evening at a meeting held at the home of Linda Hoffman, Biglerville R. 1.

Dorothy Wetzel, Hanover R. 5, was elected vice president; Janet Hay, Gettysburg R. 3, secretary and news reporter, and Larry Bair, Littlestown R. 2, game leader. Elected as local leaders were Theron Bair, Littlestown R. D., and Russell Grove Sr., Gardner R. D.

Selection of the local leaders by vote of the 40 club members was a departure from prior years when the selection was made by the representatives of the Agricultural Extension office.

Vote New Judging Plan

Members of the club were polled by mail during the month on two matters—whether they wished to elect their own leaders, and whether they wished to continue the judging of the beaves at the annual county roundup as fat cattle, or wanted to have the cattle judged twice at the roundup, first as fat cattle and then on type, quality and body conformation—to select the representatives for the Farm Show. Up to the present the top animals in the roundup, judged on a fat cattle basis, have been the county's representatives at the Farm Show. The majority voted for the new type of judging.

A brief meeting was held following the club meeting for the seven members whose animals will represent the county in next month's Farm Show. The seven are Linda Hoffman, Biglerville R. 1; William Grove, Gardner R. 2; Janet Hay, Gettysburg R. 3; Barry Breighner, Littlestown R. 2; Glenn Bentzel, New Oxford R. 2; and Patrick Murren, Hanover R. 4.

Associate County Agent Fred H. Attinger explained to the group that originally Adams County had been allotted six steers as its representation in the state Farm Show, but when it became apparent that another county was not going to send its full quota, request was made and granted to increase the Adams quota.

50th Watch-Night Rites At Emmitsburg

The 50th annual Watch-Night service will be held Monday evening from 11 o'clock to midnight at Elias Lutheran Church, Emmitsburg.

Included on the program will be a message by the pastor, the Rev. Philip Bower, and special music by the choir under the direction of Mrs. Reginald Zepp.

Holy Communion will be administered Sunday, January 6, at the 8 and 10:30 a.m. services.

Antenna Workman Falls Thirty Feet

Charles W. Rodgers, 27, Abbotstown, an employee of Clearview TV Center, Hanover, was seriously injured in a fall while working on a television antenna at the home of E. B. Frock, Hanover, about 10 a.m. Wednesday. He was conveyed in the ambulance to the Hanover General Hospital and retained as a patient.

Officials of the firm said the upper section of the ladder on which Rodgers was working became unhooked and that he fell from the edge of the roof to the ground, approximately 30 feet. His injuries include the fracture of several vertebrae and contusions of the body.

HELD FOR COURT

George R. Miller, Breckenridge St., was held for court on \$500 bail by Justice of the Peace Robert P. Snyder this morning on a charge of surety of the peace brought against Miller by James Mauston, Breckenridge St. At the hearing before the justice a charge of disorderly conduct brought by Mauston against Miller was dismissed as were charges of disorderly conduct and surety of the peace brought by Mauston against Richard Harrell, 700 S. Washington St.

Gunfire, Possible Mass Arrests In Integration Effort In South

By THE ASSOCIATED PRESS

Gunfire, suspension of a bus system, possible court action and mass arrests marked efforts to integrate seating of Negroes and white persons on city bus systems in two racially troubled Southern states.

Gunsshots echoed last night in Montgomery, Ala., where city buses were integrated Friday under federal court order. A blast from a shotgun loaded with bird-shot hit one bus; nine 22-caliber bullets slammed into another.

One bus contained four Negro passengers and a white driver. The other was empty except for the driver. No injuries were reported in these first shooting incidents since integration of buses in this Alabama capital, scene of a yearlong Negro bus boycott.

Suspend Franchise

At Tallahassee, capital of Florida (population 40,000), the City Commission suspended the franchise of Cities Transit Co. last night because of "efforts of local Negroes to integrate" the bus system.

The City Commission said the order was to take effect immediately. A spokesman for the transit company said, however, that the buses would run unless stopped by police.

The transit company considered the order illegal, said Charles Ausley, company counsel.

The order was issued shortly after the Inter-Civic Council, a sparkplug of the Negro battle against segregation, announced a "ride the bus, integrated" campaign to get the rank and file of the city's 15,000 Negroes to defy segregated bus seating laws.

Earlier in the day a group of Negroes took front seats on two buses which served white residential districts. Bus drivers made no effort to stop them. After they were seated, three white people went to the rear.

Two Arrested

A similar and more widespread effort at Birmingham, Ala., resulted in the arrest of 2 Negroes in what was described by Negro leaders as a "peaceful demonstration."

The Rev. F. L. Shuttlesworth, 34-year-old Negro minister who has taken a leading role in the fight against seated segregation in Birmingham, called for an end to the demonstration in the wake of the arrests, but Negroes later voted at a mass meeting to continue riding buses on an integrated basis.

Home Damaged

Shuttlesworth said the 2 arrests "gives us the right to ask the federal courts to enjoin the city of Birmingham from preventing us from sitting anywhere we want."

Shuttlesworth's home was damaged by a dynamite bomb Christmas night.

At Mobile, Ala., the Mobile City Lines, Inc., said it was no longer requiring Negroes to take rear seats on its buses and that drivers were being told to handle seating arrangements "as diplomatically as possible."

Informed of this decision, the Mobile City Commission sent a letter to the bus company ordering it to enforce segregation ordinances.

FIRE CHIEFS TO AID FAMILY OF WOUNDED CHILD

The Adams County Fire Chiefs' Association today asked donations toward "providing a Christmas for the Noel children."

The children are nine youngsters of Mrs. Dorothea M. Noel, who reside with their mother in a three room frame structure near Green Springs.

One of the youngsters, five-year-old Peggy Noel, was accidentally shot in the left thigh by her brother Christmas Eve. The mother had been driven to Hanover by a neighbor to do some Christmas shopping for the family. She had only begun to shop when word reached her that her daughter was in the hospital critically shot. The Christmas shopping was never completed.

Haunted By Trouble

Bernard V. Miller, Gettysburg R. 1, president of the Adams County Fire Chiefs Association, said today: "I visited the Noel family Wednesday night. There was no evidence that any of the children had received any toys and it was very evident that money Mrs. Noel receives from social security and public assistance is needed to feed and attempt to clothe her family."

"I would not have believed there was a child in Adams county who did not receive toys at Christmas, but here was a family where only a small Christmas gift could have been expected by each at best, and suddenly tragedy struck, wiping out that possibility."

"The family has been subject to tragedy. Four years ago in December, the father killed himself. The seven-year-old son who fired the shotgun which injured his sister fell from a moving car several years ago and has not recovered completely. The four-year-old son, the baby of the family, broke an arm several months ago."

Live In 3 Small Rooms

"The family is in need of a larger home. With three small rooms, the family is badly crowded. The mother sleeps in what would be the living room."

ADAMS FIREMEN ARE CALLED TO HANOVER BLAZE

A flash fire set off by sparks from a metal buffing sander destroyed the Thompson Trailer assembly plant at Hanover Wednesday evening at 8:05 o'clock with loss estimated at \$400,000.

Hanover, McSherrystown, and Pennville Fire Companies fought the blaze while most Adams County fire companies stood by in fire houses to go to the scene had the fire spread.

Ped by lacquer fumes, flames raced through the one-story structure on Poplar St. extended, Hanover, and set the roof blaze in about 20 minutes. Workmen said the metal buffer was being used on an assembled vehicle when the highly inflammable fumes were ignited by sparks.

There was no injuries as nine fire companies fought the fire which started at 7:40 o'clock. About 30 men employed on the night shift escaped from the building.

Guarded Oil Tanks

Plant superintendent Harvey Miller said about 125 persons were employed on the day force.

Firemen directed their efforts at preventing the flames from spreading to storage tanks of the Atlantic Refining Company about 25 feet from the building. Hanover Fire Chief Victor W. Kroh said a large tank was about one-third full of gasoline and four smaller tanks contained kerosene and fuel oil.

Kroh made the loss estimate. Nine fire fighting apparatuses were on the scene from the Hanover, McSherrystown and Pennville companies.

10 Trailers On Line

Whitmore Redding, night foreman at the plant, said the fire started at the rear of the 80 by 160-foot one-floor building and raced through the structure.

The concrete block plant, owned by Robert and Albert Thompson, Pikesville, Md., was used to assemble 20-foot metal refrigerator trailers for the Army.

Miller said about ten trailers were on the assembly line and parts were on hand for 40 complete units. He estimated the value of each unit at \$7,500.

It could not be determined immediately how much of the loss was (Continued On Page 2)

GHS Band To Head Section Of Parade

Gettysburg High School's 60-piece Senior High School band will march in a place of honor at the head of the Citizens for Eisenhower division of the inaugural parade in Washington, D. C., January 21, according to word received here.

Band Director Robert G. Zeigler said he will take the 60 members of the band, nine majorettes, four color guards, a drum major and two banner carriers to the inaugural parade. Arrangements for transportation and other preparations for the band's trip were being discussed at meetings this afternoon in which Burgess William G. Weaver is taking part.

Adams Countians have been advised they can secure tickets for the inaugural by contacting Col. LeRoy Greene, administrative assistant in the office of U. S. Senator Edward Martin at Washington.

COUPLE TO WED THIS AFTERNOON IN TANEYTOWN

In a holly and poinsettia setting Miss Dorothy Anne Alexander, daughter of Mr. and Mrs. Andrew Alexander, Taneytown, will become the bride of Harmon Charles Bickley Jr., son of Mrs. John Karas, Inkster, Mich., and Harmon C. Bickley, New York City, this afternoon at 3 o'clock in the Trinity Evangelical Lutheran Church, Taneytown.

The pastor, Rev. Stanley B. Jennings, will officiate at the double-ring ceremony. The church has been decorated with white poinsettias, fir trees and candles and the stained-glass windows have been hung with holly wreaths. The candelabra is entwined with evergreens, white pompons and chrysanthemums.

Miss Hazel Hess, organist, will play selections from Bach, Handel, Wagner, and Purcell in a half hour recital before the wedding. She will also accompany the soloist, Miss Olga Grether, Baltimore, who will sing Grieg's "Ich Liebe Dich," Bohn's "Calm as the Night" and "Consecration." The traditional wedding marches will be played.

To Be Given By Father

The bride, to be given in marriage by her father, will wear a full-length gown of white silk tulle and imported French lace. It is fashioned with a form-fitting bodice designed on empire lines with a scoop neckline appliqued with similar lace. The long sleeves taper over the wrists and the full skirt, trimmed with two front lace panels, ends in a chapel train. Her fingertip veil is attached to a (Continued On Page 4)

Highway Cindering Crews Work Today

Adams County highway crews were busy cindering the roads during this morning's light snow storm which began at 6 o'clock. They reported roads slippery and icy in the western and northern parts of the county particularly in the mountain areas where the snow covered the roads—"but not deep enough to be measurable." The snow melted later in the day. In the southeastern part of the county the snowfall was not sufficient to affect the roads.

The snow here was part of a fall over much of the state. As in Adams County the snow melted quickly in the southeastern part of the state. In central and western areas the fall was much heavier. Blairsville reported five inches, Pittsburgh and Brookville three inches each. The Weather Bureau said the snow will continue, on and off, all day.

CAR IS STOLEN

George Alston, Gettysburg R. 2, manager of Gettysburg Motors Inc., reported to borough police at 3 o'clock Wednesday afternoon that a 1954 Chrysler, two-tone, blue, four-door sedan had been stolen from the Gettysburg Motors used car lot between Saturday night and Wednesday morning. Also missing were 1956 dealer's licenses A49A1.

DEATHS

Francis Strausbaugh
Word of the death of Francis Strausbaugh, 67, Hagerstown, which occurred Wednesday morning at 5:30 was received by his sister, Mrs. Sylvester Weaver, Hanover R. 4. A son of the late John C. and Anna Mary Jacobs Strausbaugh, he was a retired railroad employee and a former resident of Hanover.

He was the husband of the late Anna May Groft, New Oxford. Surviving are three daughters, Mrs. Frances Davis, at home; Mrs. Eleanor Cook, Waynesboro, and Mrs. Marie Smiley, Hagerstown, and the following brothers and sisters: Augustus Strausbaugh, Hanover R. 5; Ambrose Strausbaugh, Mrs. Sarah Weaver, Mrs. Emma Geisley, all of Hanover, and Mrs. Weaver, Hanover R. 4.

Funeral services Saturday with friends meeting at the home at 8:30 a.m. followed by services at 9 a.m. at St. Mary's Catholic Church, Hagerstown. Burial in the Hagerstown Cemetery. Friends may call at the home. Prayers will be recited Friday evening by members of the Holy Name Society.

MISS MARTIN, ENSIGN RION MARRY TODAY

In a setting of red poinsettias and pine Miss Edith Keller Martin, daughter of Mr. and Mrs. Arthur E. Martin, Gettysburg, R. 4, became the bride of Ensign Karl Charles Rion, son of Mr. and Mrs. Karl E. Rion, Levittown, Pa., this afternoon at 2 o'clock in St. Francis Xavier Church.

The Rev. Fr. Alexis Arnoldin, assistant pastor, performed the double-ring ceremony. Mrs. George F. Eberhart, organist, played wedding marches by Carl Rossini. She accompanied the soloist, Paul C. Callahan, Gettysburg, who sang "Pans Angelicus," "Hail Holy Queen" and "O Sacred Heart of Love Divine."

The bride, given in marriage by her father, wore a floor-length gown of white tulle with a fitted bodice and a bouffant skirt. The sabbina neckline was edged in Alencon lace and the long sleeves tapered over the wrists. Her fingertip tulle veil was attached to a coronet of lace and seed pearls. She carried a white prayer book topped with a white orchid.

James E. Singley, son of Mr. and Mrs. William E. Singley, Oran, has been graduated from the Great Lakes Naval Training Center, Great Lakes, Ill., as an electronics technician. He has been transferred to Key West, Fla., Naval Training Center.

He receives his mail as follows: ETRSN James E. Singley, 477-12-59, USS Bushnell AS-15, Div. R 4, Key West, Fla.

COOGAN GETTING OUT

A reporter encountered actor Jackie Coogan using a residential telephone in the Paradise Cove area. Coogan said he and his neighbors were getting out, although apparently not in immediate danger at the time.

Several hundred families were evacuated as flames roared down one canyon after another. Many returned, however, after the flames passed through their particular area, leaving nothing more to burn.

Jumps Highway

The fire jumped the Pacific Coast Highway in several places, closing the artery to traffic.

Chief Klingner and his aides have approximately 1,000 men in the battle. The Red Cross set up evacuation centers. The Salvation Army sent out mobile canteens.

Medical help was sent from Los Angeles emergency hospitals to aid in treatment of dozens of fire fighters suffering from burns or smoke inhalation.

Known fatality was Frank L. Dichover Jr., 32, Zuma Beach, found dead with a broken leg in his wrecked automobile. He had sent his family to safety, then had attempted to save his house when a wall of flame caught him.

Weishaar Heads Ambulance Group

Glenn Weishaar was named chairman of the ambulance committee of the Gettysburg Fire Department at an organization meeting of the committee Wednesday evening at the engine house on E. Middle St.

Raymond E. Menges was named secretary of the committee which discussed plans for operation of the second-hand ambulance recently purchased by the company when it becomes available for use in about a month.

Preliminary plans were made for the training of teams in first aid. Under the plans discussed various teams of firemen will be set up on a volunteer basis to operate the ambulance when it is put into use.

ANNUAL DINNER AT VFW HOME ON JANUARY 9

Plans for a number of activities were outlined Wednesday evening at meeting of VFW Post 15 and its Home Association at the VFW home, E. Middle St.

The annual Past Commanders' and Athletics Awards' banquet will be held January 9 at the post home with a committee headed by Francis Wisotzky appointed to make final arrangements for the affair. Portraits of the past commanders are to be placed above the fireplace in the grill at the home and will be in place for the banquet it was decided.

John Rummel was announced as county chairman for the Blue Crutch drive of the VFW in connection with the annual polio campaign. Rummel said he planned to meet with Blue Crutch chairmen from Littlestown and East Berlin posts next week to complete plans for the annual drive.

To Plan Vets' Day

Commander Raymond Strohm appointed Francis Wisotzky, Arthur J. Roth, Robert Swisher, John W. Roth and Wayne Asper as the Veterans Day committee for the post. The committee will meet with a similar group from the Albert J. Lentz American Legion post to plan next year's Veterans Day event.

A committee comprising A. J. Roth, Patrick D. McDermitt, John Murray, John Palmer, John Rummel, Robert Jackson, Francis Wisotzky and Raymond Strohm was appointed to meet with the post firing squad at its next meeting January 15 to aid in securing additional volunteers for the firing squad and aid in its reorganization.

Commander Strohm reported plans to set up a dart league for youngsters in cooperation with the (Continued On Page 4)

TWO BADLY HURT WHEN CAR SKIDS ON SNOW TODAY AND HITS TRUCK

The snowfall this morning resulted in an accident near Benderville in which Doris J. Rhoads, 18, Gardner R. 2, suffered a fractured skull, broken neck and ruptured windpipe and a 16-year-old passenger in her car suffered skull and jaw fractures.

The accident was one of three investigated by state police in the last 24 hours.

Wednesday afternoon a three-year-old boy, Earl David Snyder, New Oxford R. 1, suffered a possible fracture of the skull when he ran across the Hanover-Cross Keys Road at Red Hill. None was hurt in the third crash, in Midway, Wednesday evening.

Car Skidded In Snow

State police said Miss Rhoads, a secretary at the C. H. Musselman Co., was headed south on the Gettysburg-Carlisle Rd., approximately three miles north of Biglerville, this morning when her car skidded in the snow and crossed into the north lane of traffic, smashing into a pick-up truck operated by Amby Harper, 47, Biglerville R. 2, state highway department laborer. Damage was estimated at \$800 to the car and \$1,000 to the truck.

Brought to the Warner Hospital in the Gettysburg ambulance, Miss Rhoads was found to be in a serious condition with lacerations of the face and neck in addition to the fractured neck and skull and the ruptured trachea.

Berne C. Hart, 16, Aspers R. 1, a passenger in Miss Rhoads' car, who had been seated at the right of the front seat, had lacerations of the face and head in addition to the skull and jaw fractures. He also was listed as in a serious condition. Both were admitted as patients at the hospital.

Diedrich Wiechmann, 50, Biglerville R. 2, who was in the truck with Harper, was removed by a passing motorist to the office of Dr. P. J. McGlynn, Biglerville, where he was treated for contusions and lacerations of the face, a laceration of the right leg and abrasions of the head. Harper was not listed among the injured.

Boy, 3, Hurt

The accident in which Earl David Snyder, aged 3, of New Oxford R. 1, was injured occurred at 1 o'clock Wednesday afternoon four miles north of Hanover on the Cross Keys Rd.

State police said Harry F. Miller, 52, Hanover, was driving north when he came over the crest of Red Hill and found the child in his path, crossing from the west side to the east side of the road. Police surmise the youngster had wandered away from his trailer home about 3/10 of a mile from the road, on the west side, and was headed toward a store on the other side of the road.

Accident In Midway

Miller drove the child to the Hanover Hospital where he was admitted.

LOOKS FOR NEW U. S. POLICIES TOWARD RUSSIA

By JAMES MARLOW
WASHINGTON (AP)—One of the things to look for early in 1957 is this: Will the Eisenhower administration come up with new policies for dealing with Russia and the Middle East?

It's one of the best ways to determine whether the new year will be one of action or of drift and slide.

It is now almost two months since major disasters for Russia in Eastern Europe and for Britain and France in the Middle East. The administration still has produced no new policy for dealing with either situation.

Containment Continues

After four years in office the basic Eisenhower policy — containment of Russia — remains the one which this administration inherited from former President Truman. Containment means ringing Russia with military bases and alliances.

It was that policy which Secretary of State Dulles so roundly criticized during the 1952 presidential campaign — calling it defensive and lacking initiative. But he adopted it and made it his own once the campaign was over.

The peaceful revolt in Poland and the bloody upsurge in Hungary revealed Russian failures and weaknesses: after 11 postwar years under Russian masters the satellite people hate communism and Russia.

Can't Be Trusted

One reason for the Russian grip on the satellites — besides enlarging the area of communism — was to use their manpower and their geography as a military buffer against the West. Now the Russians know the captive peoples cannot be trusted to help them if war starts.

What is the Eisenhower admin-

19 DEATHS ON PA. HIGHWAYS OVER HOLIDAY

By THE ASSOCIATED PRESS
Nineteen persons were reported killed on the highways in Pennsylvania over the four-day Christmas holiday — a number less than on several normal two-day weekends during the last year.

At Harrisburg, Gov. Leader today was to congratulate Pennsylvanians on holding the traffic death toll far below that of many other states, where the fatalities were over 70 in California, 55 in Illinois, 38 in Ohio and 36 in New York.

The deaths were counted from 6 p. m. Friday night to midnight Christmas Day.

27 Accidental Deaths

Other accidental deaths in Pennsylvania including one death from fire, brought the holiday total to 27 in the state.

The number of persons killed by accidents was below that of last year's shorter three-day Yuletide, when 22 died in traffic mishaps and 10 in other accidents in Pennsylvania.

Leader led the Keystone State in a holiday safety campaign to reduce the death and accident toll. Recorded messages by Leader were broadcast frequently over radio and television stations throughout the commonwealth. Drivers are expected to get a similar caution for the coming New Year's holiday.

Weather probably favored the drivers in Pennsylvania over the holiday, which was not a white Christmas for most of the state. Only toward the end of the four-day period did driving conditions become hazardous.

Snow In North

Snow fell in northwestern Pennsylvania to catch motorists heading home after trips. And temperatures fell below freezing throughout the state Christmas night.

Icy pavements cut speeds on the Pennsylvania Turnpike, which in the second year in a row reported no Christmas fatality. In the Philadelphia area of the turnpike, driving was reduced to 35 miles an hour.

Only one traffic death was reported in the state's largest city, which was plagued by more than 200 lesser auto mishaps. The lone fatality in Philadelphia was an unidentified woman of 35 struck by an auto shortly before midnight Christmas Eve. She died several hours later in Temple University Hospital.

The highest traffic toll for a regular two-day weekend in the state during the last year was 27 during April 21-22. The number passed 20 deaths on several weekends.

"Boss" Shannon Dies On Christmas Day

BRIDGEPORT, Tex. (AP)—R. G. (Boss) Shannon, who spent 11 years in prison for his part in the kidnapping of oilman Charles F. Urschel in 1933, and whose stepdaughter married George (Machme Gun) Kelly, died yesterday at the age of 79.

Shannon died at the Bridgeport Hospital. He was stricken with a heart attack at his 535-acre farm near Paradise, Tex., in November.

Shannon maintained he and his family were forced to guard Urschel at the Shannon farm after Kelly and Albert Bates, both of whom died in prison, kidnapped the oil man at his home in Oklahoma City.

and like Pervukhin a member of the Central Committee Presidium. (Yuzovlav Communists said last September that Pervukhin was among the Kremlin faction opposed to party boss Khrushchev's policy of relaxing control of the satellites.)

There was no indication that Saburov, who has directed Soviet economic planning for 20 years, was being dropped from his other posts in the Soviet leadership.

Priority For Industry

Six experts in agriculture and industry — four of them deputy premiers — were named to help Pervukhin with the economic guidance. They will make up a supercommittee as deputy chairmen of the State Economic Commission.

The six are Deputy Premiers A. N. Kosygin, V. A. Malyshev, M. V. Khrushchev, V. A. Kucherenko, Minister of Agriculture V. V. Maslennikov and Minister of State Farms I. A. Bereznev.

The report from the Central Committee came at the end of a five-day meeting and emphasized that top priority in the Kremlin's planning will rest on heavy industry. It disclosed that the fifth five-year plan had been sent back to the Supreme Soviet (Parliament) for revision.

FARM GIRL, 13, HAS SIGHTS ON TRACK RECORDS

By BOB GALLIMORE
ELMDALE, Kan. (AP) — A slim, 13-year-old Kansas farm girl who "runs scared" is aiming at any and all women's track and field records.

Ann Roniger, a versatile brunette of 5 feet 6 and 120 pounds, has already broken one junior Olympic record and tied two others. In a practice running broad jump she cleared 10 feet 8 inches. Dr. John Davis Jr. of Topeka, Kan., Missouri Valley AAU women's track committee chairman, says this would have won the title at every national women's AAU meet except one in the last 20 years.

Ann will be 14 on Feb. 14, 1957 and then will be eligible to compete in regular AAU women's events as well as junior Olympic competition. She can continue in the latter class through her 17th year.

Potential Unlimited
"There is absolutely no limit to her potential," says Dr. Davis, who discovered her by accident and has become her coach and adviser. "Her natural ability and stamina are phenomenal. If she works hard and continues to develop, she has a very good chance to be the first Kansas girl ever to make an Olympic track team."

Ann first entered track competition in 1951, shortly after her family moved here from Manhattan, Kas., where her father, Pascal Roniger, worked for the state board of health.

She quickly proved herself a faster runner than her friends at the Elmdale grade school. In 1952 she entered county wide competition and began an impressive collection of blue ribbons.

She came to Dr. Davis' attention when her parents met him by chance on a bus going to a University of Kansas football game last fall. He arranged for her first big test May—at the Kansas Junior Olympic meet in Lawrence.

Sets Junior Records
In that meet she set a new junior Olympic standing broad jump record of 8 feet 6 inches. She also anchored a Topeka girls' relay team that ran the 220 in 26.5 seconds, easily breaking the existing junior Olympic mark of 27.1.

In subsequent junior Olympic meets in Boulder, Colo., and Houston, Tex., she tied the records for the 50 and 65-yard dashes in 6.4 and 9.3 seconds, and broke her own standing broad jump mark with a leap of 8 feet 6 3/4 inches.

Since then she's been in training for next year, when Dr. Davis will take her to the National AAU women's meet. He feels she is ready for general competition in the 100 and 220-yard dashes, and in high jump and hurdle events. These are not open to her in junior Olympic competition. She's cleared 4 feet 10 inches in practice high jumps with apparently little effort, and Dr. Davis says she is developing a smooth hurdle form. Ann follows faithfully a rigorous training program charted by Dr. Davis, sticks to the strict diet of an athlete, and gets plenty of sleep. She works out in her front yard and on country roads around her home. Her unswerving aim is to become a track star.

Do's and Don'ts

By ANDREW C. LANG
The Associated Press

DO . . . dilute shellac with denatured alcohol in a 50-50 mixture for most ordinary purposes around the house and in the home workshop.

DO . . . flow on shellac with a dust-free brush which should be cleaned with alcohol after use and kept only for shellac.

DO . . . know that you will get better results with two or three thin coats than with a single heavy coat, sanding very lightly between coats.

DO . . . use shellac as a sealer between a coat of oil stain and the final finish.

DON'T . . . apply shellac in damp or rainy weather unless you want to wind up with a cloudy or whitish finish.

DON'T . . . put on shellac over wax or oil, although shellac itself provides a good base for wax, preventing dirt from being ground in to the wood.

DON'T . . . buy a large quantity of shellac at one time unless it will be used up in a couple of months, as it deteriorates slowly once the container has been opened.

DON'T . . . forget that white shellac is not actually white but clear and produces a practically colorless finish, while orange shellac (which looks somewhat the same) produces a slightly tinted tone.

MILWAUKEE (AP) — A shivering monkey returned to Milwaukee's zoo because he visited the home of a fox.

After a frigid weekend of freedom, the monkey spied the fox, a household pet of Mrs. Emilie Weiner. Mrs. Weiner tossed bits of a banana toward the fugitive until he ate his way along the tidbit trail and into her house.

DAVE JENKINS SEEKS MARK OF FAMED BROTHER

By WILLIAM P. JOHNSTON
COLORADO SPRINGS, Colo. (AP) — David Jenkins makes no bones about wanting to match the ice skating record of his famous older brother, Hayes Alan Jenkins.

Big brother Hayes Alan has quit the amateur ranks after winning the 1956 world figure skating years. Hayes also won the Olympic crown. He now is a Harvard student and skates professionally. David, 20, already has beaten some of the top competitors in the field. He hopes to do it again when they arrive here for the world championship meet Feb. 26 through March 2.

Four Hours Daily

He is a premedical student at Colorado College but manages to get in four hours of practice daily. His obsession is a triple axle jump which requires three and one-half full turns to complete.

Jenkins feels his biggest problem between now and February is improvement of his figures. He says there is some inconsistency in them.

The OC ace will take part in the North American championships at Rochester, N. Y., early in February. That match will give him an opportunity to see if his strenuous practice program is bearing results.

At the Rochester match, Jenkins will face the three skaters he picks as his toughest competitors — Tim Brown of the United States, Alan Gillette of France, the European champion, and Carol Divin of Czechoslovakia. David placed third in the 1955 Olympics in Italy, the world and U. S. championships.

"Taking a long look to the future, the Akron, Ohio, native hopes to 'be around' for the 1960 Olympics. "However, I'll be in medical school by then and might not have the time it will take to keep my skating up for such a challenge as the Olympics. I'll just take each year as it comes."

ON THE HOUSE

By DAVID G. BAREUTHER
The Associated Press

Getting ready for Christmas, every man of experience starts to reconcile himself to the fact that he's going to be broke on the morning after this year, so why not give the house a Christmas present along with those for Mom and the kids and Santa Claus himself?

Lots of attractive things are on the house list. In addition to those you already have in mind, you might like to know that vinyl floor covering is now being put out in plank style with wood grain pattern as well as in the usual square tile sizes.

This is something. The plank sizes come in 36-inch lengths, 4 inches wide. You can get a light color called birch, or a dark mahogany shade. In addition, there's a slight variation in color in each package, so you can group the shades from darkest to lightest according to the natural light in a room.

By laying two or three planks by the same shade together, you can make the plank effect seem to be six or nine feet long and a regular or monotonous sequence or pattern can be avoided.

End joints of these planks can be staggered in the same way hardwood flooring is laid. And being made of vinyl, the material can go over wood, concrete or plywood. It's flexible, but deserves a smooth underlayment. Floor covering dealers have installation instructions as complete as those for composition floor tiles.

Dim Or Bright
Portable light controls for dimming or brightening your lamps, the way stage electricians do it, also are now on the market. These little appliances can be placed on any handy table, being about the size of a miniature alarm clock, and come in handy when you want to watch the television, or just put down your book and rest your eyes.

You plug this gadget into any convenient outlet and one or two lamps can be connected with it. Like a variable light switch, it lets you turn the lights down lower for conversation, or up for reading or for welcoming others into the room.

Venetian Blind News
A new wrinkle in venetian blinds makes it possible to cut out much more light when the blinds are closed and to admit much more light when they are open. This is accomplished by changing the shape of the slats from flat or convex. The S-shape locks out the light, while wider slats spaced farther apart let in more light when blinds are open. The manufacturers claim that the wider slats increase view by 38 per cent. They call the S-shaped

slat "the first real innovation in venetian blinds since 1756." That date, 20 years before the American Revolution, is one we didn't learn in school. It's supposed to be the year that tiltable louvers and raisable blinds were first united.

DO . . . remember that in using a suction-cup plunger, sometimes known as "a plumber's friend," there must be enough water in the sink to cover the bottom part of the suction cup.

DO . . . use a chemical cleaner to unclog a sink only if the water is draining slowly. If there is a 100 per cent stoppage, the cleaner will bubble up inside the sink instead of inside the pipe.

DO . . . use a coil steel spring, known as "a snake," to dislodge obstructions on which a cleaner or a plunger has no effect.

DO . . . a thorough job of unclogging by removing the clean-out plug at the bottom of the U-shaped pipe under the sink and getting out all extraneous material.

DON'T . . . give up on the "plumber's friend" too easily; it sometimes is necessary to operate it 20, 30 or 40 times before there is any result.

DON'T . . . forget that, if the sink has an overflow outlet, it must be plugged with a cloth while the plunger is being used.

DON'T . . . neglect to put a pail or other container under the clean-out plug before you remove it.

Alaska Travel Hits New Peak In 1956

FAIRBANKS, Alaska (AP) — The Alaska Visitors Assn. reports an all-time peak in tourist travel to the territory in 1956, despite the absence of American steamship service which once was the No. 1 tourist carrier.

Airlines reported the biggest ever tourist traffic. The Tok Junction customs station checked in 6,205 vehicles on the Alaska Highway, with more than 17,000 passengers. Most of them were listed as tourists.

Hadn't Renewed Her License Since 1921

CHEHALIS, Wash. (AP) — Nellie Roundtree brought a 1921 driver's permit to the State Patrol office. Thirty miles an hour was the top speed automobiles could legally go in the state at that time.

It was 20 miles in towns and cities. It was only 12 miles at street and railway crossings, and while passing schools.

The permit was just something she wanted to show patrolmen. She didn't ask to have it renewed.

GOP SENATORS MEETING TODAY

HERSHEY (AP) — Senate Republicans appeared ready today to re-elect Sen. Mahany (Crawford) as the GOP floor leader in the 1957 session of the Legislature, opening Jan. 1.

However, Sen. Berger (Potter) said he was still in the race for the post as the 27 Republican senators went into a closed caucus to complete selection of leaders for the session.

A survey of some of the influential GOP senators, as the caucus opened, seemed to indicate that Mahany had sufficient votes to assure his election although no one would say so flatly.

Republican State Chairman Bloom, who attended the meeting, said he expected the proceedings would be conducted "without trouble" and that organizational details would be completed at this session.

Mahany's backers claimed as many as 20 votes for his re-election to a third term to lead Republican forces on the Senate floor.

Blue-eyed Blonde Added To Police Unit

EAST LANSING, Mich. (AP) — A tall, blue-eyed blonde has been added to the campus police force at Michigan State University.

She is six-foot Shirley Lazrecki, a graduate of MSU's school of police administration. Although she carries a gun, she says her main job will be educating coeds not to leave their valuables in obvious places.

"Girls seem to have just five hiding places — jewelry box, top second or third dresser drawer or the desk drawer," Officer Lazrecki said. "It makes it awfully easy to steal."

Pump Up 40 Tires For Punishment

LINDWOOD, Pa. (AP) — Five boys, ranging in ages from 12 to 14, spent four hours pumping up 40 automobile and truck tires with old fashioned hand pumps.

The work was punishment. Magistrate George M. Gray set the punishment when the boys were hauled before him and charged with deflating the tires on parked vehicles.

"They learned a better lesson that way than any other way," the magistrate said.

The annual judging in the Christmas lighting and decorating contest in the community took place last evening. The contest was sponsored again this year by the Littlestown Junior Chamber of Commerce. The extensive decorations in Littlestown made it difficult to choose the winners.

The final winners follow: Entire house decorations: First prize of \$25 to Mr. and Mrs. Clair Bowers, Prince St.; second prize, \$15, to Mr. and Mrs. James L. Rhoades also of Prince St.; third prize, \$7.50, to Mr. and Mrs. Howard Myers, Maple Ave., and honorable mention to Mr. and Mrs. Lewis U. Motter, Prince St., and Mr. and Mrs. C. Ross Morehead Jr., Prince St.

Doors and windows: First prize, \$15, to Mr. and Mrs. LeRoy W. Bish, Prince St.; second prize, \$7.50 to Mr. and Mrs. P. Bernard Weaver, W. Myrtle St., and honorable mention to Mr. and Mrs. William R. Keefe, N. Queen St., and Mr. and Mrs. Paul O. Hawk, W. King St.

Special features: First prize of \$15 to Mr. and Mrs. Allee F. Rebert, Prince St.; second prize, \$7.50, Mr. and Mrs. C. Donald Bowser, Prince St., honorable mention to Mr. and Mrs. Joseph Shrader, Cemetery St., and Mr. and Mrs. Paul Buckley, E. King St.

The contest judges were Mrs. Charles Heldt, art instructor in the New Oxford schools; Mrs. A. Markle and District Attorney Daniel E. Teeter, Gettysburg.

The Jaycees and their contest committee, Thomas E. Craig and Clyde Bucher, who assisted the Christmas activities chairman, Paul E. Hiltbrink Jr., extend their thanks to the local residents for their interest and cooperation in this annual Christmas project.

Give To Share

Members of the Women's Missionary Society of St. Luke's Union Church, near White Hall, will pack share packages at their monthly meeting at 7:30 p.m., Friday evening at the church. Election of officers will also take place during the business session.

St. Aloysius Catholic Church will hold a public party in the parish hall on Saturday, starting at 8 p.m. Prizes will be given and refreshments will be available.

A public party will be held by the Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2226 tomorrow evening beginning at 8 o'clock at the F.O.E. Home, W. King St. Refreshments will be served.

The Adams County Past Grands Association will hold its monthly session with the Mary Gettys Rebekah Lodge in the Gettysburg lodge rooms on Thursday, January 1.

Holiday News

A covered dish supper for members of the Alloways Homemakers and their families will be held in St. James' Church parish hall, along the Harney Rd., on Friday, January 4, at 6:30 p.m. Members will take their own table service. Fifty-cent gifts will be exchanged by the members.

John H. Koons, a student at the Williamson Trade School, Media, is spending the holiday vacation with his parents, the Rev. and Mrs. G. Howard Koons, and family, E. King St.

Christmas Day dinner guests at the home of Mr. and Mrs. Chester S. Byers and family, E. Myrtle St., were Mr. and Mrs. Jesse Byers, Mr. and Mrs. Kenneth Byers and sons, Arthur and Thomas, Mrs. Bertha Babler, of in and near town; Mr. and Mrs. Luther H. Brown and son James; Pleasant Valley, Mr. and Mrs. Francis Byers and children, Francine and Jesse, Westminster.

Rotarians Meet

A club assembly was held at the dinner meeting of the Littlestown Rotary Club on Wednesday evening at Schott's Hotel. A. G. Ealy, chairman of the club service committee, read a club bulletin from the Rotary International office, which suggested programs for presentation at Rotary meetings. Mr. Ealy, who is vice president, presided. The various standing committees of the club ate together prior to the business, and the each committee discussed and suggested planned programs for the weekly meetings of the club during the remainder of the Rotary year.

Paul R. Snyder, president, presented each member with a fountain pen as a holiday gift. An old-fashioned song fest was held, with L. Robert Snyder as leader and Miss Donna Radenstine as pianist.

The International Service Committee, composed of Stanley B. Glover, chairman, Donald Z. Mann, Clarence R. Rock, Ernest W. Dunbar, Preston H. Myers and A. W. Schott will be in charge of the meeting next Tuesday, 8:15 p.m., at Schott's.

THOUGHTS ABOUT MEMORY

When we are little children . . . our memory fades fast . . . we live from day to day and seldom . . . delve into the past . . . as we grow somewhat older . . . impressions stay awhile . . . our minds begin to recollect . . . and dreams are versatile . . . then middle age brings reverie . . . because we realize . . . that time will wait for no one and . . . remembering beautifies . . . each day we think a little more . . . of happy times we knew . . . for memory has power that . . . can brighten up the view . . . we learn what to remember . . . and what we should forget . . . in that way pleasure is derived . . . without any regret . . . and so it goes throughout the years . . . until at last we're old . . . then every pleasant memory . . . is worth its weight in gold.

MISS MARTIN

of the bride. She wore a white floor-length gown fashioned with a round neckline and tiny sleeves, pleated midriff and belled skirt. Her bouquet of red poinsettias matched her red velvet and net headress.

The bridal attendants were Miss Betty Ann Martin, R. 4, sister of the bride, and Mrs. John Robinson, Levittown, sister of the bridegroom who wore gowns similar to those of the matron of honor.

The flower girl was Georgette Keefe, Fourth St., who wore a white gown like the other attendants except for a large bow at the midriff in back. She carried a basket of red and white carnations.

Reception Follows

John Di Esposti, Harrisburg, was the best man. Ushers were Jack Mayer, Humelville, Pa., and William Witherow, Harrisburg.

The bride's mother appeared in a grey dress with black accessories and a red rosebud corsage. The mother of the bridegroom wore an ivory gown with light blue accessories and a corsage of red roses.

Following the ceremony a reception was held in the church social room. Later the couple left on a wedding trip of unannounced destination. The bride wore a coral pink jersey dress with black accessories and a white orchid corsage.

Bride Taught Here

Both the bride and bridegroom are graduates of the Shippensburg State Teachers College. Until her recent resignation, the bride was employed as an elementary teacher at the Keefeauwer School, Gettysburg.

Ensign Ruon is stationed at Milton, Fla., with the U. S. Naval Reserve. He is a member of the Phi Sigma Chi Fraternity.

The couple will live at 100 Alice St., Milton.

Governor Explains Good Traffic Record

HARRISBURG (AP)—Gov. Leader credits the success of a special \$25,000 traffic safety advertising program and outstanding enforcement for Pennsylvania's Christmas holiday highway record of 19 deaths.

The State Highway Safety Bureau is continuing a special, intensive safety drive in newspapers and on radio and TV stations. It is designed to keep New Year's holiday highway fatalities to a minimum.

"I urge the state's newspapers, radio and television stations to repeat their outstanding public service performance of Christmas for New Year holiday driving," the governor said yesterday in a statement.

Plans Referendum On Social Security

HARRISBURG (AP)—Acting at the year-long urging of the State Employees council Gov. Leader has promised to call for a referendum of state employees next spring on the question of federal social security coverage.

In a statement the governor said yesterday he would issue the proclamation for the referendum in February. A 60-day notice is required by state and federal law. The council has been calling for the referendum since the 1955 Legislature amended state social security laws to agree with federal changes made some years before.

All state employees whose jobs are covered by the present state retirement system will be eligible to vote on whether they wish to combine the state pension plan with federal social security.

A majority vote at the referendum will decide the issue.

He said the move is designed to free state powermen from desk jobs and allow them to handle traffic and other police duties.

The commissioner said he also plans to increase the number of women switchboard operators in the department.

At present there are about 20 women working the telephone switchboards at Philadelphia, Reading, Greensburg, Bethlehem and Butler.

TWENTY YEARS AGO

New Members On Assistance Board In Adams: The appointment of five new members to the mothers assistance fund board of Adams county was announced Monday afternoon at the office of Governor George H. Earle. The new members fill a vacancy on the present board caused by the resignation of one member, replace two members whose terms of office have expired and fill positions of two members who have been removed from office seven months before their terms would have expired.

The new members are:
Mrs. Susan Alice Dougherty, wife of Charles B. Dougherty, York street.

Mrs. Louise Annan Huber, wife of Dr. Charles H. Huber, Carlisle street.

Mrs. Susanna M. Neiderer, Conewago township.

Mrs. Grace Taylor Himes, wife of William D. Himes, New Oxford.

Mrs. Grace Deardorff Bream, wife of Associate Judge John C. Bream, Fairfield road.

Red Cross Will Send Out Gifts For Christmas: Toys, greetings, joke books, Christmas tree decorations, paper baskets of candy and gayly colored novelties of many kinds, made during the last four months by the more than 7,000 junior Red Cross members in the public and parochial schools of the county spread cheer to thousands of persons at Christmas.

The guests at the county home, the patients at the children's hospital at Mont Alto, prisoners at the county jail, children at the Hoffman orphanage and the Paradise protectory, the Sylvan Heights school at Harrisburg and disabled veterans at the veterans hospital at Coatesville received the toys, joke books, and greetings that were turned in to the Red Cross by the boxful.

Firemen Treat 2,400 To Candy For Christmas: Gettysburg firemen completed the distribution of 2,400 half pound boxes of candy and an equal number of oranges to children and shut-ins in Adams county about 5 o'clock Christmas afternoon.

About 1,200 children of this community were treated to candy and oranges at the annual Kiddies' par Christmas eve at the fire engine house, East Middle street. A committee of firemen had specially decorated the engine house for the occasion.

Christmas morning a group of firemen, each clad in Santa Claus suits, visited the county home, the county jail and the Annie M. Warner hospital. In the afternoon trips were made to Hoffman Orphanage, Paradise Protectory and Mont Alto.

Miss Baugher, Of Aspers, Is Bride Of Baltimore: Miss Eva Amanda Baugher, daughter of Mr. and Mrs. H. G. Baugher, of Aspers and Isaac Nathan Ripley, of Baltimore, son of Paul E. Ripley, of Woodbine, Maryland, were married at the Bagher home Thursday at high noon. The single ring ceremony of the Lutheran church was performed by the Rev. Dr. O. D. Coble.

Fettters-Stanner: Miss Ethel Grace Stanner, daughter of Mr. and Mrs. Charles Stanner, Gardeners R. 1, became the bride of Donald Lincoln Fettters, son of Mr. and Mrs. Clark Fettters, Gardeners, Christmas evening. The single ring ceremony was performed in the parsonage of Mount Tabor United Brethren Church by the pastor, the Rev. George Snyder.

Miller-Collins: Lloyd Miller, Biglerville R. 1 and Miss Irma Collins, Gettysburg R. 1, were married Wednesday evening at the home of the Rev. L. B. Flohr, Dunkard minister, at Vienna, Virginia.

Accepts Social Security Post: J. Harry Sinner, for several years editor of the East Berlin News, has been notified to report to Harrisburg. Monday morning for instructions on duties connected with a position he has accepted with the social security board.

Today's Talk

THE UNDEFEATED

There is a glamour to the very word — "undefeated." People gather about such an individual. They look him over as though a strange product from a foreign land. There is magic in that line — "the undefeated champion of the world." Of course we must bear in mind that this is a big world and not all of the so-called champions have been given a chance.

We pay tribute, however, to the undefeated regardless of how the honor has been earned. Many a person has earned this title of undefeated without having to go through a series of tests looked upon by a series of judges. We can be the judge in our own behalf. We can be undefeated within ourselves!

Defeat of any kind has to be acknowledged. The Salvation Army has a line that is unforgettable — "down, but not out." I have seen many a boxer knocked down, only to recover and win the contest. If you join the ranks of the undefeated you will hold your head high, the vision ahead will be one of confidence, and your walk will be forward, each step to tune with the Infinite.

Nature seems to be well populated with the undefeated. In the forest you will note that it is the undefeated among the trees that have forced their way closest to the sun so as to get all the life possible from those golden rays. Even the birds and squirrels, outside my window, in the cold and rain seem as spry and undefeated as if it were one of the most perfect days of summer, with food abundant everywhere.

Stand on a crowded street corner and watch the people in a hurry to get on. You can easily pick out the undefeated as they pass by. We all carry the evidence of success or failure everywhere we go. It's stamped all over us, from our feet to the tips of our heads! Be sure you are in the undefeated line.

Tomorrow Mr. Adams will talk on the subject: "Books as a Refuge."

Just Folks

BE YOUR AGE

To hang a stocking, I've been told That I am really much too old. But at what age should grownups drop

The joy of toys in every shop? At thirty should a mortal shun Electric trains that really run?

Where is the stopping place for things Which Santa Claus at Christmas brings?

How old am I supposed to be When trucks no longer interest me?

Must I give up at forty-four The fun of rolling on the floor?

I know there are some grown-up boys Who long have lost their love for toys

But does that mean, though just as old, That I should let my heart grow cold,

And is that any reason why I ought to pass a toy shop by?

"Oh, be your age!" the women say, "And read your books from day to day,

Find calmer pleasures to enjoy; Remember, you're not still a boy. No man who's lived as long as you

Should play with toys as children do."

I've read the calendars and found No date when I must lie around Or sit, before my frame is bent, Like Patience on a monument.

"Oh, be your age!" I reply "I will, but still a boy am I."

To Host Band Directors
The Home Association adopted a suggestion by James Rowe, quartermaster of the post and president of the Gettysburg High School band boosters, that the VFW provide a buffet supper for the band directors and their wives present for the district band festival to be held at Gettysburg High School February 8.

Dale McDermitt was named chairman for the committee in charge of a roast beef supper for members and their ladies on January 16. Home Association President John Murray announced that nominations for five positions as director of the home association will be received at a meeting January 9 and the election will be held January 22. Accepted as new members were Robert George Staub, Gettysburg R. 5; Edward J. Rohanna, 228 Highland Ave., and Robert P. Miller, who is returning from a tour of duty in Germany.

Donations were voted to the family of a member, to the District 21 Christmas party at Scotland School and to the National VFW Hungarian Relief fund.

NEWS ABOUT DOGS

By FARLEY MANNING

In Louisville, Ky., a turtle is reported to be driving a dog slowly nuts.

The Robert Kessler family brought home a turtle and were amused by their dog, Candy, who immediately adopted it. She licks its face and drives away all other admirers—even her own puppies. But when the turtle gets tired of it all and withdraws as only turtles can, Candy just goes nuts. She scratches on the shell, as if begging her friend to come back and the situation is said to be affecting her appetite. The decision now is that the turtle has to go.

The first flight was made by R. L. Johnson, chief engineering test pilot for Convair.

The announcement contained no details about the plane. All information was withheld by Pentagon censors.

However, it was understood the F106A used a Pratt & Whitney J75 jet engine which produces 10,000 to 20,000 pounds of thrust.

Nehru Flies Home Via Germany Today

LONDON (AP) — Prime Minister Nehru of India flew to Düsseldorf today en route home.

He will confer with West German Chancellor Konrad Adenauer.

A spokesman for the Indian high commissioner's office said Nehru did not plan to meet with Egyptian President Nasser. There had been speculation he might do so while on his way to New Delhi.

STRAIGHT HOLES

Boring a straight hole in the edge of a board, such as a door, is not easy when you trust your eye to keep the bit true. A craftsman offers this tip in the Practical Builder trade publication: Clamp two straight cleats on each side of the door with a C-clamp and keep the bit shank in the center of the cleats.

FULL-PROOF SCREWS

Screws used to hang heavy doors on soft wood often pull out in a short time. One way to avoid this, says the Practical Builder trade publication, is to drill a small starting hole, fill it with thick glue and then drive the screw. The glue will be forced into surrounding fibers, giving them increased hardness.

room, on a sofa that needs replacement. A 17-year-old son, who is seeking work after recently rejoining the family, sleeps on another sofa in the living room. The rest of the children, from age 4 to two girls, 15 and 16, sleep in the small bedroom of the house.

"Two wood stoves heat the frame structure. The family's proudest possession is a new electric washing machine used by the mother to keep the children's worn clothing clean. With the number of children and with the youngsters apparently not having too much clothing, washday is every day. Bedclothing is another need with wood stoves not supplying much heat during the night."

Ask Gifts By Saturday
Miller said that any contributions toward the Noel family could be delivered to the Gettysburg or McSherrytown fire houses, and asked that donations be made before Saturday evening, because it is planned to turn the gifts over to the family at that time.

Persons who may wish to donate and would appreciate having someone pick up the articles may call Miller at Gettysburg 922-R-3, or Gettysburg Fire Chief Donald W. McSherry, Gettysburg 338-Z or the Gettysburg Fire House, phone 71.

queen's crown of stiffened French lace embroidered with seed pearls and iridescent sequins. She will carry a cascade of white carnations and stephanotis.

Miss Mary Louise Alexander, Washington, D. C., who will serve as maid of honor will wear a silk taffeta gown with a floor-length bouffant skirt designed with a long torso. She will wear an English holly crown and will carry a muff made of holly and variegated carnations.

Robert P. Stoll, Ann Arbor, Mich., will serve as best man. Ushers are Henry H. Alexander, Taneytown, and Andrew D. Alexander Jr., Fort Smith, Ark.

Reception To Follow
The bride's mother will wear a dusty rose peau de soie gown designed with Alencon lace and side panels, elbow length French suede dusty rose gloves and a matching rose hat. She will wear an orchid corsage.

A reception will be held at the Taney Inn, Taneytown, after the ceremony. As a going-away ensemble the bride will wear a turquoise wool dress, an Oxford grey coat, white hat and gloves and black purse and shoes. The couple will live at 1604 Anderson, Ann Arbor, Mich.

The bride, a graduate of Western Maryland College, Westminster, received her master's degree from the University of Michigan. She is a member of the Phi Alpha Mu Sorority and the Delta Kappa Gamma honor sorority. She was a librarian at the Catonsville Senior High School, Catonsville, Md., until recently. The bride has accepted a position as librarian in the University of Michigan Library.

Mr. Bickley, who served four years in the U. S. Air Force, is a graduate of the University of Detroit and is in his second year at the University of Michigan Dental School. At Detroit he was a member of the Alpha Delta Tau honorary fraternity and is presently a member of the Psi Omega fraternity.

Out-of-town guests will be from Baltimore, Washington, Connecticut, Arkansas, New York State, and Michigan.

And what are the findings? "Well, first of all," says Dr. H. E. Robinson, director of research, "we found that no dog can select as good a diet as we can select for him. And secondly, if we offer him food that he likes very much and food that he needs very much but doesn't like, he will fill up on the food that he likes and seldom touch the food he doesn't like."

Their experience, however, seems to indicate that given foods that he likes equally well, the dog—and rats, too—will tend to select the foods he needs, though not always in exactly the right proportion.

In actual tests, these researchers found that since most dogs like meat better than cereal products, they would eat meat exclusively if given an unlimited supply of both. However, if given their choice of meat or a canned dog food made up of meat, grain and other needed foods, they would pass up even meat for the mixture.

Cumberland Valley Dribblers Meet Warriors Here Friday; Many Quints Oppose Alumni

Gettysburg High School's cagey victory after their third successive victory here Friday night when they tangle with Cumberland Valley of New Kingston in the final tuneup game prior to the opening of the South Penn League.

The Warriors who turned back Westminster and the Alumni after losing to Delone will play at Mechanicsburg on Wednesday, January 2, when the South Penn inaugurates its program.

Cumberland Valley is playing its third season of varsity basketball following the formation of the school jointure. Last week the Eagles registered their first triumph in history by upsetting Hummelstown 34-25. Prior to that Cumberland Valley had dropped 44 in a row since starting basketball during the 1954-55 season. The Eagles had dropped six this year before topping Hummelstown.

Starting Lineups
George Myers, six-foot guard has been the big gun in the Eagles attack and is scheduled to start with the following: Bare and Miller, forwards, Kessler, center and Potteiger, guard.

The Warriors will probably open with their regular outfit of Earl Little, John Wagnild, Tom Kitzmiller, Bobby Hess and Sidney Steimur.

Ray Ellis, jayvees, who have divided a pair of games will meet the Eagles reserves at 6:45.

Two games are scheduled tonight. Littlestown, 0-5, is host to Spring Grove while Biglerville, 3-4, tangles with the Alumni boys and girls.

Other games carried off Friday evening include Littlestown at Kennard-Dale, Alumni vs Delone, 4-1; York Springs girls at Delone, Alumni vs East Berlin, 1-6 and Alumni boys and girls vs Fairfield 2-5.

BEARS, GIANTS TAKE DIFFERENT PATHS TO TITLE

NEW YORK (U)—It was beginning to appear today that the Chicago Bears and the New York Giants are treading two different paths toward the National Football League title game here Sunday.

The Bears worked on the field eight consecutive days after they clinched the Western Division title with their triumph over the Detroit Lions.

They had a respite Christmas Day, but were right back at the contact work again yesterday. There even is talk of the Bears being overtrained around the league.

Not Going State
But Coach Paddy Driscoll said that he has detected no signs of them going state. In fact he said he would work them out again today, followed by a lighter session tomorrow, before leaving Chicago.

The Giants on the other hand, have been taking things easy. Coach Jim Lee Howell gave the team three days off after winning the Eastern title on Dec. 15. Then the players had a free weekend and two more days off this week. The Giants worked out yesterday with one group of players simulating Bear plays. They also had a long lecture on just what to expect from the Bear defense.

WAIVES HEARING IN BRADY DEATH

AKRON, Ohio (A)—A Pennsylvania truckdriver wanted a preliminary hearing before Municipal Judge C. B. McCrae today, to a charge of first degree manslaughter and was bound over to the Summit County grand jury.

Harold J. Jorstad, 49, of Selinsgrove, Pa., was freed in \$1,000 bail on the charges arose out of the death Dec. 17 of George J. Brady, 46, former Akron city golf champion and a World War II veteran.

Jorstad had been free in \$1,500 bail after an initial hearing Dec. 20.

Coroner William J. Pritenker ruled that Brady died of a fractured skull. Police said Jorstad admitted hitting with Brady before the younger man was found outside a downtown cafe.

Brady had been a patient at the Leach Farm Veterans Administration hospital, near Pottsville. Members of his family said he left the hospital without official permission. A radio operator during the last war he was 65 when he died.

Court attaches said it would be several weeks before the grand jury can consider the case.

AUSSIES KEEP DAVIS CUP VIA DOUBLES WIN

By WILL GRIMSLEY

ADELAIDE, Australia (U)—Stunned and staggered at the outset Ken Rosewall and Lew Hoad pulled themselves together to win the Davis Cup for Australia today by defeating a U.S. "pickup" team of Vic Seixas and Sam Giammalva 1-6, 6-1, 7-5, 6-4.

The doubles victory gave the Aussies a 3-0 lead in the best-of-five competition and assures the coveted cup—symbol of world tennis supremacy—staying Down Under another year. Tomorrow's two final single matches will be nothing more than exhibitions.

Giammalva will meet Rosewall in the first match with Seixas meeting Hoad in the second. Bill Talbot, U.S. team captain substituted Giammalva for Herbie Flam of Beverly Hills, Calif., in view of his good play in the doubles.

First Set Shocker
The capacity crowd of 18,000 at the War Memorial Stadium sat in shocked horror during the first set. They could hardly believe they were watching Rosewall and Hoad who between them hold every major singles title in the world and together are the Wimbledon U.S. and Australian doubles champions.

Seixas, the handsome 33-year-old Philadelphia and Giammalva, an emotional 22-year-old University of Texas student from Houston who never had played in a Challenge Round before, ran the Aussies all over the court. Seixas won his first service at love.

Only Hoad was able to salvage a service for the Aussies, that in the second game. But in the fourth Seixas and Giammalva smashed through Rosewall's service and in the sixth they took cue of Hoad's.

This was the American team that was picked by Talbot as an afterthought. He had considered using Flam who had more international experience than Giammalva but a few hours before the match decided that the Texan, with his big game, would give the Aussies more trouble. He was right.

The Americans promptly broke through Rosewall again to start the second set and the Aussies' situation became alarming. But suddenly Rosewall and Hoad moved to the offensive.

The broke Giammalva in the second game. Seixas in the fourth and Giammalva again in the sixth. It was that last after winning the first game the Americans were blocked.

Couldn't Hold Advantage
Still that made it even, one set apiece. Seixas and Giammalva were in no mood to let up and again in the third set they made the first service break. Again, however, they couldn't make it stand up.

They smashed through Rosewall in the fourth game, only to have the Aussies come right back in the fifth game and take Seixas' service.

The Aussies made the big move in the 11th game and broke Giammalva. That was the break of the match, because they held their own in the 12th and won the set. Talbot's boys fought to 4-1 in the final set, but the handwriting was on the wall. Seixas was having trouble getting his service in and dropped two deliveries. Giammalva apparently on instructions from Talbot, began trying to get his first service in play instead of blasting it.

Lone Yankee Sails With Russ Expedition

CAPTOWN, South Africa (A)—Gordon D. Cartwright, U.S. weather man who will be the sole American with the Russian International Geophysical Year expedition sailed for Antarctica last night aboard the Russian ship Kozlovskaya. The Russian base is at Mirny in Queen Mary Land.

The scientist who comes from New Castle, Pa., had been waiting here for 10 days for the ship's arrival. He shares a cabin with V. M. Kounin, chief construction engineer of the Soviet expedition, who was responsible for establishment of Russia's base at Mirny and who is returning to the Antarctic after four months in Russia, preparing for the next phase of the expedition's work.

Cartwright is chief of division of observations and stations of the U.S. Weather Bureau. His wife and children are living in Montreal, Canada.

TOM McDONALD SPARKS NORTH TO 17-7 WIN

By BEN FUNK

MIAMI, Fla. (A)—The North defeated the South 17-7 in the Shrine's Annual College All-Star football game last night. But you can't convince die-hard Rebels that the South didn't really come out on top.

Tommy McDonald, the wonderful All-American halfback from Oklahoma and his teammate Quarterback Jimmy Harris were big guns in a North attack that gave the Yankees only their second win in the nine-year-old series.

The North was allowed to make this raid below the Mason-Dixon line in the hope that players from National Champion Oklahoma would strengthen the Yankees and balance the competition in a series which has been dominated in the past by the Rebels.

The move was successful but you can bet that next year the South will be clamoring to reclaim Oklahoma.

Never On Losing Team
McDonald's running and passing highlighted a game in which the South maintained his record of never having played on a losing college team. He was a star of three straight unbeaten Oklahoma clubs.

Harris, a signal-caller by trade who was shifted to fullback in the All-Star contest and Len Dawson of Purdue, the big ten passing champion, were other standouts in the north attack.

Harris threw a nine-yard touchdown pass to Indiana's Bob Foe and Dawson got the other North touchdown with a 19-yard heave to Michigan State's Jim Hnesle. McDonald led all ground carriers with an average of 57 yards in 12 carries and completed two of three passes for 59 yards. One of his throws, a 39-yard beauty to Dennis Mendik of Michigan State, set up the second North score.

DRY DIVING AT PENN BRINGS FINE RESULTS

By TOM BRENNAN

PHILADELPHIA (A)—You've heard of high diving and now we have dry diving—without water. Bob Rambo, diving coach at the University of Pennsylvania, brought up dry diving and as far as he knows he's the only coach using the method.

This is how it works: A double rope arrangement, hitched to a belt around the practicing diver's waist, stretches up to the ceiling and then runs through a pulley system and comes back to the floor. The coach hoists the rope end.

The pupil mounts a diving board and soars through the regulation springs before soaring into the air in a half-zimmer or what-have-you. As the pupil goes up, the coach quickly takes up the slack in the rope then releases his grip as the pupil starts down.

Uses Mattresses
At Penn a pile of mattresses and gymnasium pads or a trampolene simulate water.

While the pupil is in the air, the coach can interrupt a dive at any time to make suggestions about the diver's form. In this way the coach can correct the pupil many times as he wants. All in one jump.

The dry diving is used by those used in training a diver. The double rope arrangement allows full freedom for a diver to make the most of his own body. Rambo says the dry diving method has been very successful. Among his pupils

Leading Gainer YORK SPRINGS AND ALUMNI DIVIDE GAMES

The York Springs High School boys and girls divided a pair of basketball games with the Alumni Wednesday evening.

The boys squad triumphed 53-37 while the girls bowed 29-10.

Coach Al Bille's varsity boys jumped for a 15-6 lead in the first quarter and led the remainder of the way by a comfortable margin to post their fourth straight victory and raise their season record to 6-3.

George Williams, Johnny Scholtzhauser and Jay Wonders landed 17 14 and 12 points respectively, to pace the schoolboys. Lynn Golden looped 10 for the Alumni with Danny Williams adding seven and Stanley Reinecker six.

In the preliminary game the Alumni girls held the varsity eagles to five field goals only one in the first half and that during the opening period to win handily 29-10. It was the third loss in as many starts for York Springs.

Maicia Brough and Judy Weigle teamed through 11 and 10 points for the winners while Elaine Brough and Rosie Enos each netted a pair of looks for the school girls.

The York Springs boys will be idle until opening the Adams County League season at Big Spring Friday, January 4. The girls will meet Delone at Mechanicsburg Friday evening in a preliminary to the Delone-Alumni game.

TENNIS

BARCELONA, Spain—Robert Haillet, France, defeated Hamilton Richardson in the finals of the men's singles in the International Christmas tournament 5-7, 6-3, 6-3, 6-6 4.

NEW YORK—Miss Patricia McCormick, winner of two Olympic gold medals and holder of 27 National Diving Championships, was voted female athlete of the year in the annual Associated Press poll.

RACING
MIAMI, Fla.—Sue Pat (\$830) scored by a half length in the Silver Anniversary Purse at Tropical Park.

NEW ORLEANS—Precious (\$880) came on fast in the stretch to romp to a 3 1/2 length verdict in the Carolyn A. Purse at the Fair Grounds.

ARCADIA, Calif.—Potterhouse (\$71) won the \$22,500 Palos Verdes Handicap on the opening day program at Santa Anita.

19 At-Large Entries
The other 19 entries in the inaugural tournament will be awarded to at-large teams selected from the NCAA's remaining 144 College Division members. At large selections will be made by four regional Selection Committees headed by members of the NCAA College Division Tournament Committee.

Opportunities to qualify for the tournament either as a conference champion or as an at-large team are nearly equal for the Association's 273 College Division institutions. There is one tournament berth for every nine conference members and a tournament berth for every eight at-large teams.

Structure of the new event 14th in the national championship series conducted by the NCAA closely parallels that of the 19-year-old University Division Tournament which adopted the automatic-qualifying principle six years ago.

Finals At Evansville
First and second-round games will be played on the home floors of competing teams with two teams from each of four regions—East, Mid-East, Mid-West and Far West—qualifying for the eight-team finals at Evansville Ind. March 14-15. Four doubleheader sessions will be held at Evansville to determine the College Division champion.

Increased requests for greater opportunity to participate in National Collegiate Championship events brought on by the addition of 171 smaller institutions to NCAA membership since 1950 resulted in the decision of the 1956 NCAA annual convention to sponsor the new event.

Jackson To Fight Mederos Tonight

MILWAUKEE (U)—Tommy (Hurricane) Jackson, the No. 1 heavyweight challenger who fights all the time from all directions, engages Cuba's Julio Mederos in a scheduled 10 rounder at the Milwaukee Arena tonight.

The rugged Mederos is one of the several better fighters that Jackson must get by to keep his title hopes alive. The Cuban has won 15 of his 17 victories by knockouts. His victims include Roland Labatza and Harold Johnson.

There will be no television or radio broadcast.

NCAA SPONSORS NEW COLLEGE COURT TOURNEY

KANSAS CITY, Mo.—Thirteen conferences have been named automatic qualifiers for the first College Division Basketball Championship of the National Collegiate Athletic Association next March.

NCAA Executive Director Walter Byers announced today that the following conferences comprised of 125 institutions eligible for College Division play will send their champions to the 32-team tournament.

California Collegiate Athletic Association (5)

Cumberland Valley Dribblers Meet Warriors Here Friday; Many Quints Oppose Alumni

Gettysburg High School's cagers go after their third successive victory here Friday night when they tangle with Cumberland Valley of New Kingston in the final tuneup game prior to the opening of the South Penn League.

The Warriors, who turned back Westminster and the Alumni after losing to Delone, will play at Mechanicsburg on Wednesday, January 2, when the South Penn inaugurates its program.

Cumberland Valley is playing its third season of varsity basketball following the formation of the school jointure. Last week the Eagles registered their first triumph in history by upsetting Hummelstown 34-25. Prior to that Cumberland Valley had dropped 44 in a row since starting basketball during the 1954-55 season. The Eagles had dropped six this year before toppling Hummelstown.

Starting Lineups
George Myers, six-foot guard, has been the big gun in the Eagles' attack and is scheduled to start with the following: Bare and Miller, forwards; Kessler, center, and Potteiger, guard.

The Warriors will probably open with their regular outfit of Earl Little, Jon Wagnild, Tom Kitzmiller, Bobby Hess and Sidney Steinhour.

Ray Ellis' jayvees, who have divided a pair of games, will meet the Eagle reserves at 6:45.

Two games are scheduled tonight. Littlestown, 0-5, is host to Spring Grove while Biglerville, 3-4, tangles with the Alumni boys and girls.

Other games carded for Friday evening include: Littlestown at Kennard-Dale; Alumni vs. Delone, 4-1; York Springs girls at Delone; Alumni vs. East Berlin, 1-6, and Alumni boys and girls vs. Fairfield, 2-5.

BEARS, GIANTS TAKE DIFFERENT PATHS TO TITLE

NEW YORK (AP)—It was beginning to appear today that the Chicago Bears and the New York Giants are treading two different paths toward the National Football League title game here Sunday.

The Bears worked on the field eight consecutive days after they clinched the Western Division title with their triumph over the Detroit Lions.

They had a respite Christmas Day, but were right back at the contact work again yesterday. There even is talk of the Bears being overtrained around the league.

Not Going Stale

But Coach Paddy Driscoll said that he has detected no signs of them going stale. In fact, he said he would work them out again today, followed by a lighter session tomorrow, before leaving Chicago.

The Giants, on the other hand, have been taking things easy. Coach Jim Lee Howell gave the team three days off after winning the Eastern title on Dec. 15. Then the players had a free weekend and two more days off this week.

The Giants worked out yesterday with one group of players simulating Bear plays. They also had a long lecture on just what to expect from the Bear defense.

WAIVES HEARING IN BRADY DEATH

AKRON, Ohio (AP)—A Pennsylvania truckdriver waived a preliminary hearing before Municipal Judge C. B. McCree manslaughter and was bound over to the Summit County grand jury.

Harold J. Jorstad, 49, of Selinsgrove, Pa., was freed in \$1,000 bail on the charges growing out of the death Dec. 17 of George J. Brady, 46, former Akron city golf champion and a World War II veteran.

Jorstad had been free in \$1,500 bail after an initial hearing Dec. 20.

Coroner William J. Pittenger ruled that Brady died of a fractured skull. Police said Jorstad admitted fighting with Brady before the younger man was found outside a downtown cafe.

Brady had been a patient at the Leach Farm Veterans Administration hospital near Pittsburgh. Members of his family said he left the hospital without official permission. A radio operator during the last war, he flew 65 missions on a bomber.

Court attaches said it would be several weeks before the grand jury can consider the case.

AUSSIES KEEP DAVIS CUP VIA DOUBLES WIN

By WILL GRIMSLEY

ADELAIDE, Australia (AP)—Stunned and staggered at the outset, Ken Rosewall and Lew Hoad pulled themselves together to win the Davis Cup for Australia today by defeating a U.S. "pickup" team of Vic Seixas and Sam Giammalva 1-6, 6-1, 7-5, 6-4.

The doubles victory gave the Aussies a 3-0 lead in the best-of-five competition and assures the coveted cup—symbol of world tennis supremacy—staying Down Under another year. Tomorrow's two final single matches will be nothing more than exhibitions.

Giammalva will meet Rosewall in the first match with Seixas meeting Hoad in the second. Bill Talbert, U. S. team captain, substituted Giammalva for Herbie Flam of Beverly Hills, Calif., in view of his good play in the doubles.

First Set Shocker
The capacity crowd of 18,000 at the War Memorial Stadium sat in shocked horror during the first set. They could hardly believe they were watching Rosewall and Hoad, who between them hold every major singles title in the world, and together are the Wimbledon, U.S. and Australian doubles champions.

Seixas, the handsome 33-year-old Philadelphia, and Giammalva, an emotional 22-year-old University of Texas student from Houston, who never had played in a Challenge Round before, ran the Aussies all over the court. Seixas won his first service at love.

Only Hoad was able to salvage a service for the Aussies, that in the second game. But in the fourth Seixas and Giammalva smashed through Rosewall's service and in the sixth they took care of Hoad's.

This was the American team that was picked by Talbert as an afterthought. He had considered using Flam, who had more international experience than Giammalva, but a few hours before the match decided that the Texan, with his big game, would give the Aussies more trouble. He was right.

The Americans promptly broke through Rosewall again to start the second set and the Aussies' situation became alarming. But suddenly Rosewall and Hoad moved to the offensive.

They broke Giammalva in the second game, Seixas in the fourth and Giammalva again in the sixth. It was that fast. After winning the first game, the Americans were blocked.

Couldn't Hold Advantage
Still, that made it even, one set apiece. Seixas and Giammalva were in no mood to let up and again in the third set, they made the first service break. Again, however, they couldn't make it stand up.

They smashed through Rosewall in the fourth game, only to have the Aussies come right back in the fifth game and take Seixas' service.

The Aussies made the big move in the 11th game and broke Giammalva. That was the break of the match, because they held their own in the 12th and won the set.

Talbert's boys fought to 4-all in the final set, but the handwriting was on the wall. Seixas was having trouble getting his service in and dropped two deliveries. Giammalva, apparently on instructions from Talbert, began trying to get his first service in play instead of blasting it.

Lone Yankee Sails With Russ Expedition

CAPE TOWN, South Africa (AP)—Gordon D. Cartwright, U.S. weather man who will be the sole American with the Russian International Geophysical Year expedition, sailed for Antarctica last night aboard the Russian ship Kopeziatka. The Russian base is at Mirny in Queen Mary Land.

The scientist, who comes from New Castle, Pa., had been waiting here for 10 days for the ship's arrival. He shares a cabin with V. M. Kounin, chief construction engineer of the Soviet expedition, who was responsible for establishment of Russia's base at Mirny and who is returning to the Antarctic after four months in Russia preparing for the next phase of the expedition's work.

Cartwright, 47, is chief of division of observations and stations of the U.S. Weather Bureau. His wife and children are living in Montreal, Canada.

TOM M'DONALD SPARKS NORTH TO 17-7 WIN

By BEN FUNK

MIAMI, Fla. (AP)—The North defeated the South 17-7 in the Shrine's Annual College All-Star football game last night, but you can't convince die-hard Rebels that the South didn't really come out on top.

Tommy McDonald, the wonderful All-America halfback from Oklahoma, and his teammate, Quarterback Jimmy Harris, were big guns in a North attack that gave the Yankees only their second win in the nine-year-old series.

The North was allowed to make this raid below the Mason-Dixon line in the hope that players from National Champion Oklahoma would strengthen the Yankees and balance the competition in a series which has been dominated in the past by the Rebels.

The move was successful, but you can bet that next year the South will be clamoring to reclaim Oklahoma.

Never On Losing Team
McDonald's running and passing highlighted a game in which the slick Sooner maintained his record of never having played on a losing college team. He was a star of three straight unbeaten Oklahoma clubs.

Harris, a signal-caller by trade who was shifted to fullback in the All-Star contest, and Len Dawson of Purdue, the big ten passing champion, were other standouts in the north attack.

Harris threw a nine-yard touchdown pass to Indiana's Bob Fee and Dawson got the other North touchdown with a 19-yard heave to Michigan State's Jim Hinesley. McDonald led all ground gainers with an average of 5.7 yards in 12 carries and completed two of three passes for 59 yards. One of his throws, a 39-yard beauty to Dennis Mendyk of Michigan State set up the second North score.

DRY DIVING AT PENN BRINGS FINE RESULTS

By TOM BRENNAN

PHILADELPHIA (AP)—You've heard of high diving, and now we have dry diving—without water. Bob Rambo, diving coach at the University of Pennsylvania, thought up dry diving, and as far as he knows, he's the only coach using the method.

This is how it works: A double rope arrangement, hitched to a belt around the practicing diver's waist, stretches from the ceiling and then runs through a pulley system and comes back to the floor. The coach holds the rope end.

The pupil mounts a diving board, and goes through the regular on springs before soaring into the air in a half-gainer or what-have-you. As the pupil goes up, the coach quickly takes up the slack in the rope, then releases his grip as the pupil starts down.

Uses Mattresses
At Penn, a pile of mattresses and gymnasium pads or a trampoline simulate water.

While the pupil is in mid-air, the coach can interrupt a dive at any time to make suggestions about the diver's form. In this way, the coach can correct the pupil as many times as he wants, all in one jump.

The dry diving rig is similar to those used in training gymnasts. The double rope arrangement allows full freedom for turns and somersaults, the diver being at the point of a "V" formed by the two sections.

Rambo says the results of his method have been sensationally successful. Among his prize pu-

TEAMS POINTING FOR GATOR BOWL

JACKSONVILLE, Fla. (AP)—Johnny Micholosen and Bobby Dodd, who learned their football under two of the nation's leading single wing coaches, today put the final touches to the split-attack of their Pittsburgh and Georgia Tech teams that meet in the Gator Bowl game Saturday.

Micholosen's Pitt team arrived yesterday. Dodd's team was due in this morning.

Micholosen said the only player of the 42 man Pitt squad who may not play because of injury is Corky Cost, a halfback who had an appendectomy Thanksgiving Day. Corny Salvaterra, quarterback who led the Panthers in rushing and passing this season, is recovered from a leg injury that hampered his running in the 14-7 upset of Miami early this month.

Micholosen said he probably will substitute by individuals and small groups rather than by full teams. He used the full team substitution system on a hot day against Miami but usually keeps his key men in the lineup most of the game.

STOCK WILL FILED

The will of John L. Stock, late of Straban Twp., was entered for probate at the office of the register and recorder Wednesday. The widow and heir, Mary C. Stock, New Oxford R. 1, is executrix of the \$200 estate.

pils is shapely Diane Lewis, the eastern intercollegiate and Middle Atlantic A.A.U. women's diving champion.

Rambo cites the case of Penn undergraduate Charley Clark.

Couldn't Swim
"Charley took dry instructions and developed perfect form. I took him to the pool and told him to do a dive into the water."

"He did it beautifully, but after he went under we couldn't find him."

"We jumped in after him and he was lying at the bottom of the pool. After we fished him out, he told us he couldn't swim."

"Naturally, we gave him swimming lessons. Now he's a diver on the Penn swimming team."

YORK SPRINGS AND ALUMNI DIVIDE GAMES

The York Springs High School boys and girls divided a pair of basketball games with the Alumni Wednesday evening, the improving boys' squad triumphing 53-37 while the girls bowed 29-10.

Coach Al Billett's varsity boys jumped for to a 15-6 lead in the first quarter and led the remainder of the way by a comfortable margin to post their fourth straight victory and raise their season record to 6-3. George Williams, Johnny Scholtzhauser and Jay Wonders landed 17, 14 and 12 points, respectively, to pace the schoolboys.

Lynn Golden looped 10 for the Alumni with Danny Williams adding seven and Stanley Reinecker six.

In the preliminary game the Alumnae girls held the varsity cagers to five field goals, only one in the first half and that during the opening period, to win handily 29-10. It was the third loss in as many starts for York Springs. Marcia Brough and Judy Weigle rammed through 11 and 10 points for the winners while Elaine Brough and Rosie Ensor each netted a pair of goals for the school girls.

The York Springs boys will be idle until opening the Adams County League season at Big Spring Friday, January 4. The girls will meet Delone at McSherrystown Friday evening in a preliminary to the Delone-Alumni game.

NCAA SPONSORS NEW COLLEGE COURT TOURNEY

KANSAS CITY, Mo. (AP)—Thirteen conferences have been named automatic qualifiers for the first College Division Basketball Championship of the National Collegiate Athletic Association next March.

NCAA Executive Director Walter Byers announced today that the following conferences, comprised of 125 institutions eligible for College Division play, will send their champions to the 32-team tournament:

California Collegiate Athletic Association (5);
Central Intercollegiate Athletic Association (17);
College Conference of Illinois (7);
Far Western Conference (5);
Interstate Intercollegiate Athletic Conference (6);
Mason-Dixon Intercollegiate Conference (10);
Middle Atlantic States Collegiate Athletic Conference (22);
Mid-West Collegiate Athletic Conference (5);
Mid-Western Athletic Association (6);
North Central Intercollegiate Athletic Conference (6);
Ohio Athletic Conference (14);
Pacific Northwest Intercollegiate Conference (6);
Southern Intercollegiate Athletic Conference (12).

19 At-Large Entries
The other 19 berths in the inaugural tournament will be awarded to at-large teams selected from the NCAA's remaining 148 College Division members. At-large selections will be made by four regional Selection Committees headed by members of the NCAA College Division Tournament Committee.

Opportunities to qualify for the tournament, either as a conference champion or as an at-large team, are nearly equal for the Association's 273 College Division institutions. There is one tournament berth for every nine conference members and a tournament berth for every eight at-large teams.

CHAMBERLAIN IS STOPPED; KANS. TAKES SQUEAKER

By BEN OLAN

The Associated Press
Kansas and Wilt (The Stilt) Chamberlain are human, after all.

The Jayhawks, rated No. 1 nationally, just managed to escape being victims of the biggest upset of the campaign last night. It took a field goal by Gene Elstun in the last six seconds to give them a 58-57 victory over Iowa State in the opening round of the Big Seven tournament.

What's more, Chamberlain, who had been averaging 35.5 points a game, scored only 12 as Iowa State used a three-man see-saw defense against the seven-foot center. The Stilt had only two points, both on free throws, in the second half. The victory was unbeaten Kansas' seventh, Iowa State is now 6-1.

In another first-round game, Oklahoma turned back Kansas State 67-64. Missouri takes on Colorado and Nebraska meets Michigan State tonight.

Dixie Opens Tonight
Highly touted North Carolina also hits the tournament trail tonight as the Dixie Classic opens in Raleigh, N.C. The Tar Heels, unbeaten in eight starts, go up against darkhorse Utah in the second game of a night twin-bill.

West Virginia, No. 4, faces Duke in the opener. An afternoon double-header pits Wake Forest against DePaul and Iowa against North Carolina State.

Thus far, form in the tournaments has been knocked flat. Yesterday's ECAC competition, for example, resulted in Brigham Young, Ohio State, Manhattan and Notre Dame advancing to the semifinals. The first three teams were underdogs.

Temple Loss
Brigham Young trounced St. John's of Brooklyn 89-75 and Ohio State beat Temple 64-63 in the afternoon and the night twin-bill at the Garden saw Manhattan walloping Niagara 96-79 and Notre Dame nip New York University 72-71.

The victories by Notre Dame and Ohio State were notched in thrilling fashion. Bob Devine's layup as the final buzzer sounded won for the Irish, who trailed by eight points with six minutes left to play. Ohio State broke a 61-61 tie with Temple on two free throws by Jim Laughlin and another by Frank Howard.

Brigham Young, after blowing a 12-0 lead, breezed in against the Brooklyn Redmen as did Manhattan against Niagara.

Tomorrow night's semis list Ohio State against Manhattan and Notre Dame vs. Brigham Young. There was an upset in a non-tournament game too. UCLA

Red Cross Will Send Out Gifts For Christmas: Toys, greetings, joke books, Christmas tree decorations, paper baskets of candy and gayly colored novelties of many kinds, made during the last four months by the more than 7,000 young Red Cross members in the public and parochial schools of the county spread cheer to thousands of persons at Christmas.

The guests at the county home, the patients at the children's hospital at Mont Alto, prisoners at the county jail, children at the Hoffman orphanage and the Paradise protector, the Sylvan Heights school at Harrisburg and disabled veterans at the veterans hospital at Coatesville received the toys, joke books, and greetings that were turned in to the Red Cross by the boxful.

Firemen Treat 2,400 To Candy For Christmas: Gettysburg firemen completed the distribution of 2,400 half pound boxes of candy and an equal number of oranges to children and shut-ins in Adams county about 5 o'clock Christmas afternoon.

About 1,200 children of this community were treated to candy and oranges at the annual Kiddies' par Christmas eve at the fire engine house, East Middle street. A committee of firemen had specially decorated the engine house for the occasion.

Christmas morning a group of firemen, each clad in Santa Claus suits, visited the county home, the county jail and the Anne M. Warner hospital. In the afternoon trips were made to Hoffman Orphanage, Paradise Protector and Mont Alto.

Miss Baugher, Of Aspers, Is Bride Of Baltimorean: Miss Eva Amanda Baugher, daughter of Mr. and Mrs. H. G. Baugher, of Aspers and Isaac Nathan Ripley, of Baltimore, son of Paul E. Ripley, of Woodbine, Maryland, were married at the Baugher home Thursday at high noon. The simple church ceremony of the Lutheran church was performed by the Rev. Dr. O. D. Coble.

Petterson-Starnes: Miss Ethel Grace Starnes, daughter of Mr. and Mrs. Charles Starnes, Gardners R. 1, became the bride of Donald Lincoln Petterson, son of Mr. and Mrs. Clark Petterson, Gardners, Christmas evening. The simple ceremony was performed in the parsonage of Mount Zion United Brethren Church by the Rev. George Sander.

Miller-Callins: Miss Mary Elizabeth Miller, R. 1, and Miss Anna Callins, Gettysburg R. 1, were married Wednesday evening at the home of the Rev. R. B. Fisher, Dunkard minister, at Vienna, Virginia.

Today's Talk

THE UNDEFEATED
There is a glamour to the very word — "undefeated." People gather about such an individual. They look him over as though a strange product from a foreign land. There is magic in that line — "the undefeated champion of the world." Of course we must bear in mind that this is a big world and not all of the so-called champions have been given a chance.

We pay tribute, however, to the undefeated regardless of how the honor has been earned. Many a person has earned this title of undefeated without having to go through a series of tests looked upon by a series of judges. We can be the judge in our own behalf. We can be undefeated without ourselves!

Defeat of any kind has to be acknowledged. The Salvation Army has a line that is unforgettable — "down, but not out." I have seen many a boxer knocked down, only to recover and win the contest. If you join the ranks of the undefeated you will hold your head high, the vision ahead will be one of confidence, and your walk will be forward, each step to tune with the Infinite.

Nature seems to be well populated with the undefeated. In the forest you will note that it is the undefeated among the trees that have forced their way closest to the sun so as to get all the life possible from those golden rays.

Even the birds and squirrels, outside my window, in the cold and rain seem as spry and undefeated as if it were one of the most perfect days of summer, with food abundant everywhere.

Stand on a crowded street corner and watch the people in a hurry to get on. You can easily pick out the undefeated as they pass by. We all carry the evidence of success or failure everywhere we go. It's stamped all over us, from our feet to the tips of our heads! Be sure you are in the undefeated line.

Tomorrow Mr. Adams will talk on the subject: "Books as a Refuge."

Just Folks

BE YOUR AGE

To hang a stocking, I've been told That I am really much too old. But at what age should grownups drop The joy of toys in every shop? At thirty should a mortal shun Electric trains that really run?

Where is the stopping place for things Which Santa Claus at Christmas brings? How old am I supposed to be? When trucks no longer interest me? Must I give up at forty-four The fun of rolling on the floor?

I know there are some grown-up boys Who long have lost their love for toys. But does that mean, though just as old, That I should let my heart grow cold, And is that any reason why I ought to pass a toy shop by?

"Oh, be your age!" the women say. "And read your books from day to day." Find calmer pleasures to enjoy: Remember, you're not still a boy. No man who's lived as long as you Should play with toys as children do."

I've read the calendars and found No date when I must lie around Or sit, before my frame is bent. Like Patience on a monument, "Oh, be your age!" and I reply "I will, but still a boy am I."

Reports 16 Crops Best In Six Years: Harrisburg, Dec. 23 (AP) — Pennsylvania's 1958 farm crop was the most valuable in six years, the federal state crop reporting service said today.

The 1958 market was worth \$176,641,000 as compared with last year's \$148,688,000. The unusual growing season during which crops were repeatedly watered with drought was turned out much better than expected, the report said.

Mark Golden Wedding Day

Mr. and Mrs. Cecil E. Golden observed their 50th wedding anniversary Sunday at their home, R. 1, with an open house from 6 until 10 p.m. About one hundred friends and relatives were present throughout the evening.

The celebrants, both natives of Adams County, have engaged in farming at R. 1 since their wedding December 23, 1906. They are the parents of nine children, all living; 29 grandchildren, and six great-grandchildren. Both are in good health. (Lane Studio photo)

TWO WORKMEN DIE IN BLAST

NEWMAN, Ga., (AP) — An explosion in the smelting department of an aluminum products plant early today killed two workers and injured at least four others, one critically.

The blast destroyed a portion of the William L. Bonnell Co. Windows were broken in residences and tops were shorn from a number of small pine trees more than half a mile away by the explosion which was heard as much as 15 miles away.

Those killed, both Negroes, were identified as James Johnson Crook, and George Luttrell.

William L. Bonnell, company president, placed the loss "conservatively" at \$250,000. He said it was covered by insurance.

The blast knocked out all power in the city of 8,200 for 35 minutes.

New Jet Interceptor Makes First Flight

WASHINGTON (AP) — The Air Force announced today that the F106A—a new delta-wing, high-speed jet interceptor—made its first flight at Edwards Air Force Base, Calif., yesterday.

The announcement said the faster-than-sound fighter is designed to hunt down attacking bombers in any kind of weather, day or night.

The first flight was made by R. L. Johnson, chief engineering test pilot for Convair.

The announcement contained no details about the plane. All information was withheld by Pentagon censors.

However, it was understood the F106A used a Pratt & Whitney J75 jet engine which produces 10,000 to 20,000 pounds of thrust.

Nehru Flies Home Via Germany Today

LONDON (AP) — Prime Minister Nehru of India flew to Düsseldorf today en route home.

He will confer with West German Chancellor Konrad Adenauer.

A spokesman for the Indian high commissioner's office said Nehru did not plan to meet with Egyptian President Nasser. There had been speculation he might do so while on his way to New Delhi.

STRAIGHT HOLES

Boring a straight hole in the edge of a board, such as a door, is not easy when you trust your eye to keep the bit true. A craftsman offers this tip in the Practical Builder trade publication: Clamp two straight cleats on each side of the door with a C-clamp and keep the bit shank in the center of the cleats.

FULL-PROOF SCREWS

Screws tend to bend heavy doors on a wall when pulled out in a sudden jerk. One way to avoid this, says the Practical Builder trade publication, is to drill a small starting hole, fill it with thick glue and then drive the screw. The glue will hold the screw in place and prevent it from being pulled out.

DOG'S

NEWS ABOUT DOGS
By FARLEY MANNING
In Louisville, Ky., a turtle is reported to be driving a dog slowly nuts.

The Robert Kessler family brought home a turtle and were amused by their dog, Candy, who immediately adopted it. She licks its face and drives away all other admirers—even her own puppies. But when the turtle gets tired of it all and withdraws as only turtles can, Candy just goes nuts. She scratches on the shell, as if begging her friend to come back and the situation is said to be affecting her appetite. The decision now is that the turtle has to go.

In Hot Springs, Ark., the will of a former Flora Dora Girl provides a total of \$350 a month to care for five Pekingese dogs as long as they live.

Mrs. Harry Keller, 84, designated in her will that a local minister should move into her home to care for the dogs and receive an income of \$50 a week in addition to \$150 a month as long as any of her five dogs lived.

In Rome, Italy, dog lovers have been up in arms about a proposed law that would order sterilization of all mongrel dogs.

Milanese Deputy Cesare Dezi, Oct. 1, one of five deputies who signed the proposed bill, said he had received hundreds of letters protesting the use of "Nazi methods" on Italy's dogs.

FOOD SELECTION

By FARLEY MANNING

Given the opportunity, will animals instinctively balance their own diets to fill their nutrient requirements? Or are they no smarter than humans who eat the things they like the best?

In Seattle's Nutritional Research Kennels in the heart of the bustling Chicago stock yards a group of dedicated researchers in animal nutrition have been working for 21 years to improve the nutritive qualities of dog foods.

Hundreds of dogs and several other species of animals have cooperated in testing the results of this research.

"Two wood stoves heat the frame structure. The family's proudest possession is a new electric washing machine used by the mother to keep the children's worn clothing clean. With the number of children and with the youngsters apparently not having too much clothing, washday is every day. Bedclothing is another need with wood stoves not supplying much heat during the night."

Miss Mary Louise Alexander, Washington, D. C., who will serve as maid of honor will wear a silk taffeta gown with a floor-length bouffant skirt designed with a long torso. She will wear an English holly crown and will carry a miff made of holly and variegated carnations.

Robert P. Stoll, Ann Arbor, Mich., will serve as best man. Ushers are Henry H. Alexander, Taneytown, and Andrew D. Alexander Jr., Fort Smith, Ark.

Reception To Follow
The bride's mother will wear a dusty rose peau de sole gown designed with Alencon lace and side panels, elbow length French suede dusty rose gloves and a matching rose hat. She will wear an orchid corsage.

A reception will be held at the Taney Inn, Taneytown, after the ceremony. As a going-away ensemble the bride will wear a turquoise wool dress, an Oxford grey coat, white hat and gloves and black purse and shoes. The couple will live at 1604 Anderson, Ann Arbor, Mich.

The bride, a graduate of Western Maryland College, Westminster, received her master's degree from the University of Michigan. She is a member of the Phi Alpha Mu Sorority and the Delta Kappa Gamma honor sorority. She was a librarian at the Catonsville Senior High School, Catonsville, Md., until recently. The bride has accepted a position as librarian in the University of Michigan Library.

Julius Caesar imported the first giraffe to Europe in 46 B. C. It was exhibited in Rome.

And what are the findings?
"Well, first of all," says Dr. H. E. Robinson, director of research, "we found that no dog can select as good a diet as we can select for him. And secondly, if we offer him food that he likes very much and food that he needs very much but doesn't like, he will fill up on the food that he likes and seldom touch the food he doesn't like."

Their experience, however, seems to indicate that given foods that he likes equally well, the dog—and rats, too—will tend to select the foods he needs, though not always in exactly the right proportion.

In actual tests, these researchers found that since most dogs like meat better than cereal products, they would eat meat exclusively if given an unlimited supply of both. However, if given their choice of meat or a canned, dog food made up of meat, grain and other needed foods, they would pass up even meat for the mixture.

RED STUDENTS CLAIM ALLEN DULLES WRONG

MOSCOW (AP)—A group of Soviet youths told Allen Dulles Wednesday Russian students are just as Red as ever.

They attacked as "lies and slanders" a speech made by the chief of the U.S. Central Intelligence Agency at Princeton University Dec. 12.

Dulles said he had well-substantiated reports that Soviet students are becoming restive and are demanding a critical examination into the "infallibility" of the Soviet system.

A letter published in Komsomol Pravda from students of the Moscow Power Institute suggested

Dulles "should make a better analysis of things concerning people's psychology."

"Red As Ever"
"We must disappoint you," it said. "We are just as Red as we ever were and all our strivings, as hitherto, are connected with a wish to improve life in our Socialist land."

Written in bantering tone, the letter said: "Yes, Mr. Dulles, you were not mistaken. We have many anxieties and we will not conceal this fact. We hold meetings, story gatherings."

The students said they had recently been worried by the "lack of higher education," and added: "As you see, our uneasiness is like the desire of people who love their home and want to improve it and make it more comfortable."

"It is not by any means a sign of the discontent that you wish for. You allege that we doubt the infallibility of our Socialist sys-

NIXON TO TELL IKE U. S. MUST GIVE MORE HELP

By LEWIS GULICK

WASHINGTON (AP)—Vice President Nixon planned to tell President Eisenhower today that "we must do more" to help freedom-seeking refugees from Hungary. Nixon declined to say in ad-

to integrate with white riders.

A spot check of 12 buses passing the main transfer point in downtown Tallahassee between 8:15 a.m. and 8:45 a.m. when Negro traffic is at its peak showed the familiar pattern of the Negroes seating themselves in the rear of the buses.

vance of a White House appointment what specific recommendations he would make to Eisenhower. Other officials arranged to accompany him.

Informed officials said Nixon had in mind an increase in the present 21,500 quota for Hungarian escapees entering this country and a boost in U.S. financial aid to Austria. Both recommendations would be in line with what Nixon said on a nationwide radio-television show last night.

Returns Monday

The Vice President returned Monday from a six-day flying inspection trip to Austria, the first haven for an estimated 175,000 or more fleeing Hungarians so far.

Nixon said on the Hungarian relief radio-TV show in which a number of professional entertainers joined:

"What they (the Hungarians) did in Hungary really marks the beginning of the end for inter-

national communism. . . . And everywhere I go I find people who say, 'We want to do something; what can we do; what do they need?'

Lists Needs

"Well, they need care in the camps in Austria and in Germany. . . . They need countries to which they can go. They need transportation which will take them to their new homes, and they need resettlement in the new positions which they must obtain in order to make a living. . . ."

"Our government, for example, has taken 21,000 refugees and we must do more. . . ."

Eisenhower has already acted once to raise the limit on the number of Hungarian escapees who can come to America.

The Refugee Relief Act, which expires Dec. 31, permitted entry of 6,500. On Dec. 1 Eisenhower took the emergency step of ordering another 15,000 admitted.

DITZLER'S TWO-DAY WINTER JUNK SALE

**TOMORROW ---
FRIDAY--9 a.m. to 9 p.m.**

Every store like every home collects after a period of time loads of odds and ends which fill up the attics and cellars, cracks and crevices, etc. We're no different and find that our floor display area and valuable warehouse storage space are cluttered with items that should have been disposed of long ago. . . . We are offering to the public, these two days, hundreds of pieces of merchandise which to the people who can use them represent values which cannot be duplicated in these days of rising prices. We suggest that you shop early to take advantage of these unusual bargains. Quantities are limited so don't fail to be here tomorrow when our door is opened at 9:00 A.M.

OPPOSE PLAN TO TAX TRADE-IN VALUE OF CARS

HARRISBURG (AP) — The Pennsylvania Automotive Assn. today renewed its opposition to taxing the trade-in value of automobiles. The organization said the levy would hit "the little guy"—those in the low income group who must depend on an automobile to earn their livelihood.

E. W. Parkinson, Harrisburg, assistant manager of the PAA, issued a statement on the recommendation by Gov. Leader's tax study committee to impose the state's 3 per cent sales tax on the full total cost of a new automobile. The tax at present applies only to the difference between the total selling price and the trade-in value allowed.

The association represents some 3,000 new car dealers of the state.

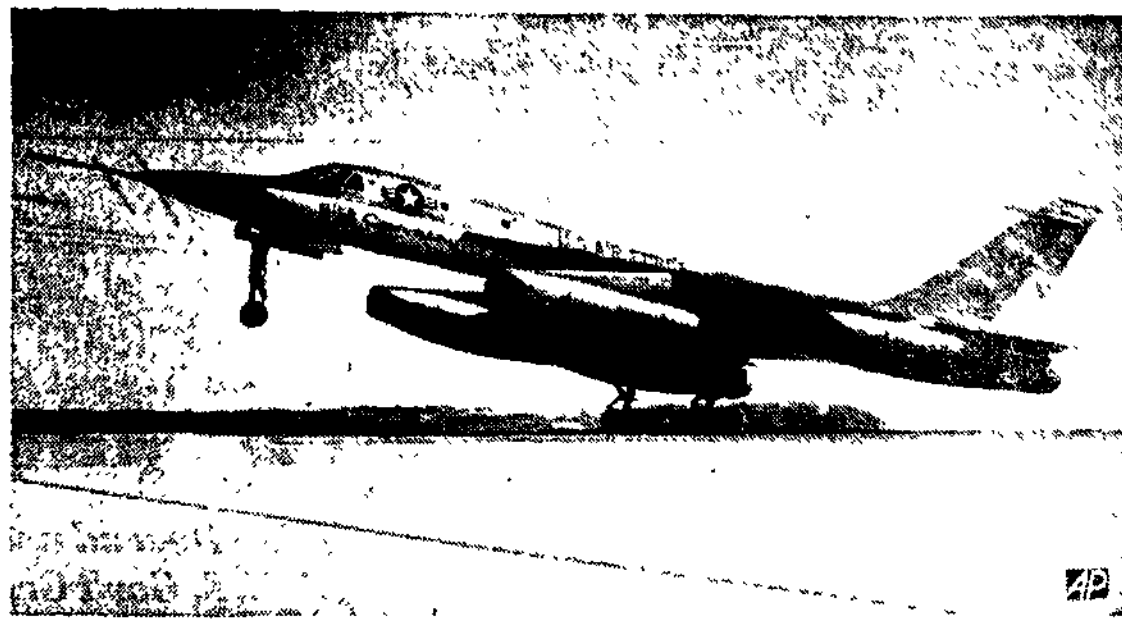

Double Taxation
"The proposal to tax the allowance on a car being taken in trade against the full price of the new car being purchased would, if enacted, not only discriminate against the motorist, but also amount to double taxation," Parkinson said.

"Motorists are already paying the major share of taxes for construction and maintenance of highways through gasoline taxes, license fees and other levies. Under the 3 per cent sales tax as it is now being levied, the tax resulting from the purchase of automobiles brings in more than the tax levied on any other single product."

A motorist purchasing a \$4,000 new car with a \$3,000 trade-in allowance now pays \$30 in tax on the \$1,000 difference. Removing the trade-in exemption would boost the tax to \$120, figured at 3 per cent of the \$4,000.

He said it would be double taxation since the car would be taxed when it is traded in and a second time when sold to the next buyer.

"BIG SURPRISE" IS BEING SUED FOR \$103,000

NEW YORK (AP)—A night club dancer has filed a \$103,000 suit in U.S. District Court against the television quiz program, "The Big Surprise," asserting she "deliberately" was asked a question the producers knew she couldn't answer.

Miss Dale Logue, a red-haired dancer now appearing in a Las Vegas, Nev., club, contended yesterday that she thus was cheated of a chance to win the show's

\$100,000 jackpot.

Miss Logue said she missed a \$10,000 question on the program Nov. 6 after she first had missed it in a "warm-up session" that preceded the broadcast. Her category was astronomy.

Called Ridiculous
Steve Carlin, executive producer of Entertainment Productions, Inc., which produces the NBC network show, termed the allegations "ridiculous and hopeless."

Miss Logue contended in her suit that the "true purpose" of the warmup is to give the producers "a device by which they could eliminate any contestant" by asking questions before the show until they find one the contestant can't answer. She said they then use the same question on the program and eliminate the contestant.

Sponsor Sued Too

The question Miss Logue missed, Carlin said, was "written a considerable period of time before Miss Logue appeared on the show." Carlin said the warmups are used to calm down and orient contestants by getting them to discuss their subjects in a most general way.

Carlin added that a warmup session touched on a question asked later in the show "it would be coincidental."

Miss Logue asked for a court directive reasoning her as a contestant on the program as an alternative to the \$103,000 damages. She also named the SBC Corp., the sponsor, as a defendant.

See Meteors As Greatest Bar To Man's Travel Through Space

NEW YORK (AP)—Speedy visitors from space kiss the earth 2,300 times a second, by new calculations reported today.

These visitors are meteors or shooting stars.

They are so numerous they might literally blast open a space ship long before it could journey to the moon or Mars. They could be one of the greatest barriers to the promised age of space travel.

True Tons A Day
The new calculations are that 200 million shooting stars visible to the naked eye zing into the earth's atmosphere every day.

They range from the size of dust specks to BB shot or bigger. In

total, the 200 million daily visitors weigh at least 10 tons. They travel at speeds from 30,000 to 180,000 miles per hour, and most perish in incandescent brightness from friction of our planet's air.

They all come from so-called empty space, which man is on the eve of exploring with little man-made probes.

Based On Count
The new estimate was prepared for presentation to the American Astronomical Society and American Assn. for the Advancement of Science by Dr. M. Millman and Milton S. Eidelman of the National Research Council, Dominion Observatory, in Canada.

The estimate is based upon the number of meteors actually seen over a 25-year period by groups of human observers.

MAKES APPOINTMENTS

HARRISBURG (AP)—Gov. Leader today appointed to the board of trustees of the Pennsylvania Soldiers and Sailors Home, Eric J. S. Jullante, St. Leon S. Itzpeka, Bernard J. Harkins and Albert P. Vicks, all of Erie, and Col. Earle D. McGee, Oil City.

See Meteors As Greatest Bar To Man's Travel Through Space

NEW YORK (AP)—Speedy visitors from space kiss the earth 2,300 times a second, by new calculations reported today.

These visitors are meteors or shooting stars.

They are so numerous they might literally blast open a space ship long before it could journey to the moon or Mars. They could be one of the greatest barriers to the promised age of space travel.

Ten Tons A Day

The new calculations are that 200 million shooting stars visible to the naked eye zing into the earth's atmosphere every day. They range from the size of dust specks to BB shot or bigger. In

total, the 200 million daily visitors weigh at least 10 tons. They travel at speeds from 30,000 to 180,000 miles per hour, and most perish in incandescent brightness from friction of our planet's air.

They all come from so-called empty space, which man is on the eve of exploring with little man-made moons.

Based On Count

The new estimate was prepared for presentation to the American Astronomical Society and American Assn. for the Advancement of Science by Peter M. Millman and Miriam S. Burland of the National Research Council, Dominion Observatory, in Canada.

The estimate is based upon the number of meteors actually seen over a 23-year period by groups of human observers.

RED STUDENTS CLAIM ALLEN DULLES WRONG

MOSCOW (AP)—A group of Soviet youths told Allen Dulles Wednesday Russian students are just as Red as ever.

They attacked as "lies and slanders" a speech made by the chief of the U.S. Central Intelligence Agency at Princeton University Dec. 12.

Dulles said he had well-substantiated reports that Soviet students are becoming restive and are demanding a critical examination into the "infallibility" of the Soviet system.

A letter published in Komsomol Pravda from students of the Moscow Power Institute suggested Dulles "should make a better analysis of things concerning people's psychology."

"Red As Ever"

"We must disappoint you," it said. "We are just as Red as we ever were and all our strivings, as hitherto, are connected with a wish to improve life in our Socialist land."

Written in bantering tone, the letter said: "Yes, Mr. Dulles, you were not mistaken. We have many anxieties and we will not conceal this fact. We hold meetings, story gatherings."

The students said they had recently been worried by the "lack of higher education" and added: "As you see, our uneasiness is like the desire of people who love their home and want to improve it and make it more comfortable."

"It is not by any means a sign of the discontent that you wish for. You allege that we doubt the infallibility of our Socialist system. How would you like to represent wishful thinking as reality?"

"But, Mr. Dulles do not invent things, do not slander us. To make everything quite clear, let us say outright that we know and that we are convinced that the best order of society is the Socialist order. The longer the Soviet order exists, the clearer becomes its enormous advantages over capitalism."

News Briefs

BISMARCK, N.D. (AP)—North Dakota experiencing its worst traffic year in history, conversely was the only state in the nation without a single accidental death reported over the Christmas holiday period.

No deaths were reported in traffic, fires, drownings or other accidents. Maine and Wyoming had clean traffic slates, but listed fatalities from other types of accidents.

NAMA, Okinawa (AP)—Kamejima Senaga, a bush-haired Leftist who heads the Okinawan People's party, was elected mayor of Naha, largest city on this American base, in Tuesday's election. Two U.S. deputy governors have called this party Communist-controlled.

WILKES-BARRE, Pa. (AP)—Two men were killed and two others critically injured Wednesday when their machine, which police said was "obviously traveling at a tremendous rate of speed," skidded and overturned in nearby Larksville.

Killed were Charles J. Snee, 19, of Edwardsville on leave from the U.S. Navy, and Stephen Berdy Jr., also of Edwardsville. Injured were Nicholas Susaraba, 19, Edwardsville, and Joseph R. Arbacheski, 19, Duryea.

MOBILE, Ala. (AP)—The head of the Mobile bus line disclosed today the transit system has ceased trying to enforce the city's bus segregation ordinances.

R. J. Cortwright, manager of Mobile City Lines, Inc., said bus drivers have been instructed not to enforce city laws calling for white patrons to be seated from the front of the buses and Negro patrons from the rear forward.

OTTAWA, Ont. (AP)—The Christmas holiday death count on Canadian highways reached 29 Wednesday.

A Canadian Press survey which started at 6 p.m. Friday listed 58 accidental deaths. Nine persons died in fires, four were drowned and six were killed in miscellaneous accidents.

TALLAHASSEE, Fla. (AP)—Bus service resumed Wednesday after a 24-hour traffic jam at its peak showed Christmas Day layoff, but there was little evidence on early runs that Negro patrons were trying rear of the buses.

NIXON TO TELL IKE U. S. MUST GIVE MORE HELP

By LEWIS GULICK

WASHINGTON (AP)—Vice President Nixon planned to tell President Eisenhower today that "we must do more" to help freedom-seeking refugees from Hungary.

Nixon declined to say in advance of a White House appointment what specific recommendations he would make to Eisenhower. Other officials arranged to accompany him.

Informed officials said Nixon had in mind an increase in the present 21,500 quota for Hungarian escapees entering this country and a boost in U.S. financial aid to Austria. Both recommendations would be in line with what Nixon said on a nationwide radio-television show last night.

Returns Monday

The Vice President returned Monday from a six-day flying inspection trip to Austria, the first haven for an estimated 175,000 or more fleeing Hungarians so far.

Nixon said on the Hungarian relief radio-TV show in which a number of professional entertainers joined: "What they (the Hungarians) did in Hungary really marks the beginning of the end for international communism. . . . And everywhere I go I find people who say, 'We want to do something; what can we do; what do they need?'"

Lets Needs

"Well, they need care in the camps in Austria and in Germany. . . . They need countries to which they can go. They need transportation which will take them to their new homes, and they need resettlement in the new positions which they must obtain in order to make a living. . . . Our government, for example, has taken 21,000 refugees and we must do more. . . ."

Eisenhower has already acted once to raise the limit on the number of Hungarian escapees who can come to America.

The Refugee Relief Act, which expires Dec. 31, permitted entry of 6,500. On Dec. 1 Eisenhower took the emergency step of ordering another 15,000 admitted.

SAY EGYPT HAS AGREED TO LET SALVAGE WORK GO ON IN CANAL

By WILTON WYNN
CAIRO (AP)—Lt. Gen. Raymond A. Wheeler announced today the Egyptian government has agreed to let the U.N. salvage fleet begin clearing the southern end of the Suez Canal immediately.

Cairo newspapers said Egyptian technicians already had started clearing channels at Ismailia, the canal midpoint, and Suez, its southern terminus, "preparatory to conducting research about sunken ships." But this obviously referred only to the clearing of mines from the channel, begun by the Egyptians earlier this week.

A British ship and two French vessels are continuing salvage operations in the Port Said harbor, the canal's northern entrance. This work was begun by the British occupation force, which also cleared a channel through the northern third of the canal to El Cap.

Not Confirmed
Wheeler's statement did not make clear what salvage ships would be used in the operation around Suez. His statement was released by the U.N. information office in Cairo.

A spokesman for the Egyptian Canal Authority said the U.N. announcement had not yet been confirmed by Mahmoud Yanes, canal authority director.

"Frankly, I doubt if the work will begin today although some planning and studying may be done," the spokesman added.

The bulk of Wheeler's existing fleet is collected around the northern end of the canal.

Hired On Contract
The U.N. fleet consists of vessels hired on contract from salvage firms of several neutral nations and will eventually consist of 20 to 30 craft. Some of these are not expected to arrive on the scene until Jan. 11.

Auto Strikes Train And 3 Girls Die

NEWARK, N.Y. (AP)—Three teenage girls were killed last night when police said an automobile crashed into the side of a moving Pennsylvania Railroad train at a crossing here.

Two other persons were injured, one critically.

The dead were identified by police as Lois Allen, 17, and Betty Jane Day, 18, both of Lyons, N.Y., and Linda Lou Barney, 18, of Brackney, Pa.

Douglas Martin, 17, of Newark, was reported in critical condition. Garry Allen Palmer, 22, of Newark, identified by police as the driver, was reported in good condition.

HOLLYWOOD (AP)—A misdemeanor assault and battery complaint has been issued against the former husband of actress Jeanne Crain following a brawl Christmas Day between rivals for her affections.

The altercation involved manufacturer Paul Brinkman, 37, and millionaire Homer H. Rhoads, 45. The actress recently divorced Brinkman, father of her four children. Rhoads says he plans to marry Miss Crain. She says she won't.

clearing operations would now begin was the first authoritative word of an agreement by Egypt to let the work proceed. Earlier, U.N. spokesmen in Cairo said no information had been received of any agreement.

Russia Sends Equipment
An authoritative Egyptian informant reported earlier that Foreign Minister Mahmoud Fawzi and U.N. Secretary General Dag Hammarskjöld had reached an agreement in principle in New York for the beginning of clearing operations.

He said the "necessary instructions have been given regarding this," but disclosed no details. There was no confirmation from New York U.N. headquarters.

Moscow radio said "powerful Soviet-made automatic loaders" have been shipped to Egypt for use in restoring Port Said and on "clearing the Suez Canal." The broadcast gave no details of when they would reach Egypt.

NAMED TO AUTHORITY

HARRISBURG (AP)—Gov. Leader today appointed to the Delaware County Housing Authority: Gilbert R. Bunner, Chester, reappointed, and Dewey Hancock, Pocomoke, to succeed Kenneth L. Smith, Chester, resigned.

MAY ADD NIKE TO U. S. ARMY IN WEST EUROPE

HEIDELBERG, Germany (AP)—The Nike, a supersonic anti-aircraft guided missile, may be the next weapon to boost the punch of the 250,000-man U.S. army in Europe.

The indication that the Nike may be added to the army's growing European arsenal was contained in a year-end review which said fire-power and mobility were improved greatly during 1956.

Man for man, it added, the U.S. force in Europe possesses "more killing power than any other army in the world."

Several batteries already in Germany are handling the army's new long-range artillery rocket, the Honest John. More battalions of Corporal guided missiles and 280mm. atomic artillery were supplied during the year.

The review said the improvement in firepower and mobility resulted from the assignment of the 3rd Armored, 11th Airborne and 8th Infantry divisions to replace three ground troop divisions.

Other divisions in Germany are the 2nd Armored and the 10th Infantry. There also are scores of supporting units.

STOCKS HIGHER
NEW YORK (AP)—The stock market moved narrowly higher in early trading today. Turnover was fairly active.

Key issues rose from fractions to around a point or so. A liberal assortment of small losers peppered the list.

A number of Wall Street observers regarded the rising tone of the last two sessions as an indication that the traditional year-end rally was under way but remaining time was short to make it amount to much. Meanwhile, business and economic news was mixed.

NEW YORK EGGS

MORALS JURY DEADLOCKS

PHILADELPHIA (AP)—A jury de-

bating morals charges against a 41-year-old former disc jockey deadlocked here early today and was dismissed.

Steve Allison of Philadelphia, who was suspended from his late night radio show last Oct. 24, was released in \$5,000 bail by Judge

Peter F. Hagan. The jury of six men and six women deliberated three hours last night, then told the court it was hopelessly deadlocked.

Allison yesterday denied the morals charges. Mrs. Dorothy Helland, 18, of Philadelphia, was

the only witness against him. She testified that the alleged morals offenses occurred in the record room of Philadelphia radio station WIPN.

Allison was the 15th person to be tried on morals charges in a drive against alleged vice opera-

tions in Philadelphia involving teen-age girls whom police said were lured into immoral activities when they sought to become models.

Fourteen convicted principals are awaiting sentencing. Three others are still to be tried.

NASSER'S SKIN SAVED BY UN BUT HE WON'T PLAY

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—United Nations prestige leaped upward with its success in Egypt, then sagged with its ineffectiveness in Hungary. The U.N. may yet be made a fool of by Egypt's President Nasser.

The U.N. — led by the United States and Russia — saved Nasser's skin by pressuring the British, French and Israelis into ceasing their attack on Egypt and withdrawing from the Suez Canal zone.

Nasser is developing a pattern of laying down conditions under which he'll do business one at a time. When he gets what he wants on one, he imposes another.

Canal Still Closed
The result: The Suez Canal is still closed to world traffic almost two months after the attack on Egypt ended. When Nasser will let work start to clear it of sunken ships no one can be sure. Nor is there any end in sight to his demands.

Some of the demands he made for letting Suez clearance work start can be justified — and have been backed by U.N. Secretary General Hammarskjöld — on the ground that Egypt is a sovereign country and must not be pressured from outside.

He won his way on these demands: The British and French would have to clear out of the canal area before he would let salvage begin; the U.N. military forces, brought in to keep peace, could stay only as long as he wished; British and French salvage ships, ready to begin work could work only if manned by civilians.

His Latest Demand
Still he hasn't permitted work to begin although last Nov. 2 he U.N. General Assembly adopted a resolution which said that when the cease-fire became effective, steps should be taken "to reopen the canal and secure full freedom of navigation."

Nasser's latest demand, as reported Christmas night, was that no clearance work could begin until all Israeli forces had quit Egyptian territory. The last British and French troops had sailed away Saturday.

The Israelis may never agree to quit the Gaza Strip through which they said Egyptian attacks had been made on Israel. That would seem to shove the start of work on the canal off into the indefinite future.

Another Gimmick
Yesterday Nasser threw another gimmick into settlement of the Suez Canal problem which he created last July with his seizure of the canal. He claims full control of the waterway, which lies entirely within Egypt.

What can the world organization do if in the end Nasser ignores its proposals? Perhaps no more than it did when the Russians slaughtered the Hungarians.

The U.N. condemned the Russians. The Russians ignored the U.N. and are still in Hungary. The U.N. sits powerless to do anything.

MUCH OF U.S. IS CLEAR, WARM

By THE ASSOCIATED PRESS
Fairly cold weather and snow flurries continued in the Northeast but it was mostly clear and warmer in most other parts of the country today.

The light snow belt extended from the western part of the Great Lakes region and the northern Ohio Valley eastward into Pennsylvania and New York state. Snow flurries or rain showers sprinkled areas south of the area. Temperatures dropped to the teens and 20s in Pennsylvania and the extreme Northeast. The chilly weather extended southward into the Southeast, including Florida. Readings were mostly in the 30s in the northeastern quarter of the country and in the 40s in other areas east of the Rockies. Biggest warming was in the Mississippi Valley and the Great Lakes region.

Coldest area was the southern Rockies with a low of 14 degrees below zero and Fraser, Colo.

Auto Driver Dies In Truck Accident

EASTON, Pa. (AP)—An auto and a truck collided on four-lane Rt. 22 near here yesterday, killing Robert Groman, 25, of nearby Wilson Borough, the auto driver.

Police said the truck, operated by Herman E. Sicks, 59, of Wells-ville, N.Y., was traveling east when it veered across the medial strip and collided with Groman's car.

A car driven by Anthony Ciliberti, 32, of Reading, also was involved. Ciliberti, who was driving his car west, was treated for face cuts at Easton Hospital and discharged.

STEEL INDUSTRY LOSES BATTLE FOR TAX HELP

WASHINGTON (AP)—The steel industry has lost its battle for further government tax aid in expanding its facilities.

The Office of Defense Mobilization rejected yesterday the industry's request that rapid tax amortization be permitted on the cost of another round of plant expansions to meet a growing need for steel.

ODM Director Arthur S. Flemming announced also the government will not set up a priority system to channel steel supplies to tanker construction. Such a program, he said, could take steel from other needed uses and could lead eventually to a "controlled economy" in peacetime.

Under the tax amortization program in which the steel industry shared during the Korean War, a company is permitted for tax purposes to charge off a substantial portion of the cost of a new plant within five years. Normally the depreciation must be figured over a period of 20 years or more. At the faster rate, more of the cost could be met from money

Five Schuylkill Co. Dailies Raise Price

POTTSVILLE — All five Schuylkill County daily newspapers will increase the price to seven cents a copy, effective December 31.

The present price of five cents has been in effect since the end of World War II.

Those increasing in price are The Pottsville Republican, the Shenandoah Herald, the Ashland News, Mahanoy City Record-American and the Tamaqua Courier.

which otherwise would go to the government in income taxes.

Flemming said that to restore be "conformity to the intent of Congress" and would discriminate against other industries.

He said it has been determined that there would be sufficient steel capacity for a mobilization, and that current shortages result from "the current needs of a rapidly expanding civilian economy."

ATLANTIC CITY, N. J. (AP)—Mary Cummings, about 26, of Pittsburgh, Pa., was killed last night when she stepped off a diving island on Absecon Boulevard into the path of an auto.

PA. TEACHERS GATHER FOR 3-DAY PARLEY

By BOB HOLTON
HARRISBURG (AP)—Representatives of Pennsylvania's 80,000 organized school teachers came here for their 104th annual convention—a three-day parley with demands for salary increases a major topic of discussion.

The 650 delegates tomorrow will be asked to approve a legislative committee recommendation for pay boosts that could cost the commonwealth as much as 21 million dollars in the next two years.

The legislative committee of the State Education Assn. has approved a plan seeking \$100 permanent pay increases in both the 1957-58 and 1958-59 school years.

To Act On Pay Raise
Today's activities dealt with registration and addresses on various facets of the profession by some of the country's leading educators. Committee reports and nomination of officers will highlight tonight's dinner session.

The delegates also will be asked to approve recommendation of an additional \$200 pay increase for teachers with 30 or more years

service.

Keneth M. Stover, legislative committee chairman, said in an advance statement that the committee recognizes, as you do, that we continue to face critical problems in our public school program.

To Hear Leader
Other areas in which Stover said his committee will make recommendations include:

Increased retirement benefits, increase of the number of sick leave days in a school year; continue and expand allocations for school building construction; increase the reimbursement to school districts for school nurse services; change method of paying teachers' salaries to avoid "pay-less pay days."

Gov. Leader, long a backer of administrative reorganization of the school system, is expected to again urge its adoption when he addresses the convention tomorrow night.

KILLED BY CAR

PHILADELPHIA (AP)—Miss Katharine Klump, 69, of Faithful, Southampton R.D., was killed by an automobile yesterday as she walked along Route 309 in Hottel Township, a short distance from her suburban Philadelphia home.

Police identified the driver as Gerald Kimer, 27, of Telford in Montgomery County.

FAULTY BRAKES ARE BLAMED FOR DEATHS OF TWO

BELLEFONTE (AP)—Faulty brakes were believed responsible for a three-car smashup in rural Centre County that took the lives of a Lancaster couple and injured four persons, including two Catholic sisters.

State police of the Pleasant Gap barracks said "apparently" a brake difficulty on a car driven by Paul Snaveley, Spring Mills R.

caused the collision yesterday about two miles south of Centre Hall on Route 53.

Couple Killed

Killed were Allen F. Rehman, 39, and his wife, Lorraine, 37, who were riding in the front seat of a car that collided with Snaveley's.

Trapper Paul V. Dörner said the Rehman's were driving north to visit a nearby community when the Snaveley car entered the highway from a crossroad, spun the Rehman car around completely and hurled it into the southbound auto of William S. Muckley, Pleasant Gap. The Rehman car was demolished.

Sisters Mary Cavilla and Mary Tremens of the Sisters of Mercy of Lancaster were admitted to Centre County Hospital in Bellefonte.

Sister Cavilla suffered a broken right arm and shock but was in satisfactory condition when admitted. Sister Tremens was admitted in serious condition with two fractured legs.

The Rehman's were dead when brought to the hospital. They suffered fractured skull.

Muckley was treated for lacerations while a passenger in his car. Alfred St. Clair, Pleasant Gap, was admitted to the hospital for the same injury. Snaveley was unhurt.

SAY EGYPT HAS AGREED TO LET SALVAGE WORK GO ON IN CANAL

By WILTON WYNN
CAIRO (U-P)—Lt. Gen. Raymond A. Wheeler announced today the Egyptian government has agreed the U.N. salvage fleet can begin clearing the southern end of the Suez Canal immediately.

Cairo newspapers said Egyptian technicians already had started clearing channels at Ismailia, the canal midpoint, and Suez, its southern terminus, "preparatory to conducting research about sunken ships." But this obviously referred only to the clearing of mines from the channel, begun by the Egyptians earlier this week.

A British ship and two French vessels are continuing salvage operations in the Port Said harbor, the canal's northern entrance. This work was begun by the British occupation force, which also cleared a channel through the northern third of the canal to El Cap.

Not Confirmed
Wheeler's statement did not make clear what salvage ships would be used in the operation around Suez. His statement was released by the U.N. information office in Cairo.

A spokesman for the Egyptian Canal Authority said the U.N. announcement had not yet been confirmed by Mahmoud Yanes, canal authority director.

"Frankly, I doubt if the work will begin today although some planning and studying may be done," the spokesman added.

The bulk of Wheeler's existing fleet is collected around the northern end of the canal.

Hired On Contract

The U.N. fleet consists of vessels hired on contract from salvage firms of several neutral nations and will eventually consist of 20 to 30 craft. Some of these are not expected to arrive on the scene until Jan. 11.

The Wheeler announcement that

Auto Strikes Train And 3 Girls Die

NEWARK, N.Y. (U-P)—Three teenage girls were killed last night when police said an automobile crashed into the side of a moving Pennsylvania Railroad train at a crossing here.

Two other persons were injured, one critically.

The dead were identified by police as Lois Allen, 17, and Betty Jane Day, 18, both of Lyons, N.Y., and Linda Lou Barney, 18, of Brackney, Pa.

Douglas Martin, 17, of Newark, was reported in critical condition. Garry Allen Palmer, 22, of Newark, identified by police as the driver, was reported in good condition.

HOLLYWOOD (U-P)—A misdemeanor assault and battery complaint has been issued against the former husband of actress Jeanne Crain following a brawl Christmas Day between rivals for her affections.

The altercation involved manufacturer Paul Brinkman, 37, and millionaire Homer H. Rhoads, 45. The actress recently divorced Brinkman, father of her four children. Rhoads says he plans to marry Miss Crain. She says she won't.

clearing operations would now begin was the first authoritative word of an agreement by Egypt to let the work proceed. Earlier, U.N. spokesmen in Cairo said no information had been received of any agreement.

Russia Sends Equipment
An authoritative Egyptian informant reported earlier that Foreign Minister Mahmoud Fawzi and U.N. Secretary General Dag Hammarskjöld had reached an agreement in principle in New York for the beginning of clearance operations.

He said the "necessary instructions have been given regarding this," but disclosed no details. There was no confirmation from New York U.N. headquarters.

Moscow radio said "powerful Soviet-made automatic loaders" have been shipped to Egypt for use in restoring Port Said and on "clearing the Suez Canal." The broadcast gave no details of when they would reach Egypt.

NAMED TO AUTHORITY

HAHRISBURG (U-P)—Gov. Leader today appointed to the Delaware County Housing Authority: Gilbert R. Bunner, Chester, reappointed, and Dewey Hancock, Folsom, to succeed Kenneth L. Smith, Chester, resigned.

MAY ADD NIKE TO U. S. ARMY IN WEST EUROPE

HEIDELBERG, Germany (U-P)—The Nike, a supersonic anti-aircraft guided missile, may be the next weapon to boost the punch of the 250,000-man U.S. army in Europe.

The indication that the Nike may be added to the army's growing European arsenal was contained in a year-end review which said the power and mobility were improved greatly during 1956.

Man for man, it added, the U.S. force in Europe possesses "more killing power than any other army in the world."

Several batteries already in Germany are handling the army's new long-range artillery rocket, the Honest John. More battalions of Corporal guided missiles and 280mm atomic artillery were supplied during the year.

The review said the improvement in firepower and mobility resulted from the assignment of the 3rd Armored, 11th Airborne and 8th Infantry divisions to replace three ground troop divisions. Other divisions in Germany are the 2nd Armored and the 10th Infantry. There also are scores of supporting units.

STOCKS HIGHER

NEW YORK (U-P)—The stock market moved narrowly higher in early trading today. Turnover was fairly active.

Key issues rose from fractions around a point or so. A liberal assortment of small losers peppered the list.

A number of Wall Street observers regarded the rising tone of the last two sessions as an indication that the traditional year-end rally was under way but remaining time was short to make it amount to much. Meanwhile, business and economic news was mixed.

MORALS JURY DEADLOCKS

PHILADELPHIA (U-P)—A jury de-

bating morals charges against a 41-year-old former disc jockey deadlocked here early today and was dismissed.

Sieve Allison of Philadelphia, who was suspended from his late night radio show last Oct. 24, was released in \$5,000 bail by Judge

Peter F. Hagan. The jury of six men and six women deliberated three hours last night, then told the court it was hopelessly dead-

locked.

Allison yesterday denied the morals charges. Mrs. Dorothy Heiland, 18, of Philadelphia, was the only witness against him. She testified that the alleged morals offenses occurred in the record room of Philadelphia radio station WPN.

Allison was the 15th person to be tried on morals charges in a drive against alleged vice opera-

tions in Philadelphia involving teen-age girls whom police said were lured into immoral activities when they sought to become models.

Fourteen convicted principals are awaiting sentencing. Three others are still to be tried.

CHRISTMAS HAD BEEN HAPPY FOR DRIVER AND GIRL

CLEVELAND (AP) — An 18-year-old girl and a 52-year-old bus driver had special reasons to be happy this Christmas season—but nobody knows about the man who shot them dead on a Greyhound bus at the Cleveland terminal yesterday.

His body is still at the county morgue, unidentified.

Miss Georgeann Kartze, on her way from Virginia to a second Christmas celebration in Chicago, had complained that the man was bothering her on the bus.

Leo T. Almerico, the driver who had become a grandfather Christmas day, told him to stop it or get off.

"I'll get off," he replied, pulled out an automatic pistol and shot the driver and the girl, fatally wounding both. Then he ran into the waiting room, where he engaged in a gun duel with police. Five persons in the waiting room were wounded.

Police cornered the killer in a churchyard several blocks away, where he was slain after firing one more wild shot at the officers.

Ike's Plurality Is Boosted To 9,548,055

WASHINGTON (AP) — Belated final figures from Rhode Island today built up President Eisenhower's plurality over Adlai Stevenson in the November election to 9,548,055 votes.

Count of absentee ballots, finally completed, added a net of 5,701 to Eisenhower's advantage.

The new Rhode Island totals are Eisenhower 229,677, Stevenson 163,521, for a state plurality of 66,156.

Israel Opens Naval Base On Aquaba Gulf

TEL AVIV (AP)—Israel officially opened a naval base today at the Gulf of Aquaba port of Eilat, on the southern tip of the country.

Opening of the base followed the arrival at Eilat of the Israeli navy frigate Miznak. For the first time in history the tiny Israeli navy is operating in two seas.

The new base will guard the nation's southern sea lane through the Gulf of Aquaba to the Red Sea, Egyptian gun positions overlooking the gulf from the adjoining Sinai Peninsula had kept most Israeli-bound shipping out before the invasion of the Sinai.

Israel's other naval base is at Haifa, on the Mediterranean.

2 KILLED NEAR CHAMBERSBURG IN AUTO CRASH

CHAMBERSBURG, Pa. (AP) — A Greencastle man and wife and their six children remained hospitalized today as the result of an automobile accident that took the lives of two people.

Norman L. Walck, 68, active in Franklin County political and school affairs for many years, and his wife, Ola, 70, were crushed to death yesterday when their car struck the auto carrying the Charles Barnhart family. The Walcks were the only occupants of their auto. They were returning home from dinner with a relative in Chambersburg.

The accident occurred on U.S. 11, about 7 miles south of Chambersburg. State police said the Walck car skidded sideways across the highway into the Barnhart auto.

Barnhart, 31, and his wife, Lorraine, 29, were admitted to Chambersburg Hospital in critical condition. Their children, Linda, 9; Barry, 8; Carol, 6; Nancy, 5; Susan, 3; and Michael, 2, also were hospitalized but were listed in fair condition.

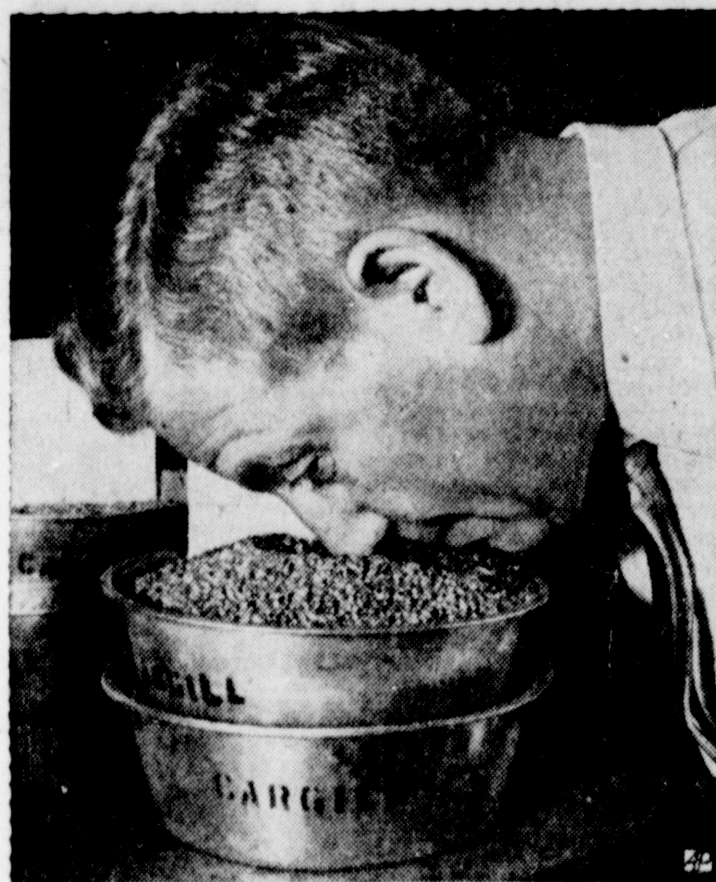

The Barnharts were driving to the hospital so that Barry could be inspected by a doctor. He was released from the hospital three days ago.

RURAL YOUTH ACTIVITIES TO FEATURE SHOW

HARRISBURG — Featuring rural youth activities tied in with the theme "Pennsylvania Agriculture Builds for Tomorrow," the 40th Anniversary Pennsylvania Farm Show here January 14-18 should excel all others, State Agriculture Secretary William L. Henning declared today.

Compared with 1917, when the first Farm Show was held, the 1957 exposition will be far beyond the highest hopes of its farmer founders, he said.

Trends in every phase of the Commonwealth's modernized agriculture will be reflected in the record number of farm products and commercial exhibits, and 125 scheduled events during Farm Show Week, including educational meetings for 34 statewide farm organizations.

Expect Half Million

Pennsylvania 40 years ago had approximately 210,000 farms with 18 million acres. Today 125,000 farms with 12 million acres produce as much or more in field crops and support near-record numbers of livestock and poultry.

"Technological change has come to our agriculture," the chairman of the Farm Show Commission declared. "In tractors alone the number has increased in four decades from fewer than 5,000 to more than 165,000. The Farm Show brings out these and many other aids to farming in a mechanized age that will continue to build a bigger and better agriculture for the years to come."

More than half a million visitors are expected at the show which annually attracts people from most states and many foreign countries. While doors open at 8 o'clock Monday morning, January 14, formal dedication of the 41st Farm Show will be by Governor George M. Leader, preceding a demonstration in horsemanship by the Pennsylvania State Police.

To Set Records

The coming Farm Show will establish many new records, including \$58,556 offered in premiums; Christmas trees and hay in competition for the first time; numbers of livestock and poultry entered; expanded youth programs; enlarged facilities for dispensing food food, and a special front lobby display by the state poultry industry.

There will be a 40th birthday anniversary observance during the exposition.

Streamlined to modern conditions, the 1957 Pennsylvania Farm Show will present "Pennsylvania agriculture on parade," a guide and a challenge to future advancement of farming and rural living, Secretary Henning asserted.

ALERT TO RED POLICE AMONG NEW REFUGEES

CAMP KILMER, N.J. (AP) — An Army spokesman said today that Hungarian Reds may try to plant secret police among refugees coming to America but that government agencies are alert to the possibility.

The statement came on the heels of a published report that Hungarian refugees already had seen a Hungarian secret policeman at the camp here and at other camps in Austria.

The spokesman, who asked not to be identified, said "it has been explained to us" that certain Communists may try to enter the country. He said he thought undesirable could be easily stopped.

Many Rumors

There have been rumors among refugees here for several days that at least one secret policeman had entered Camp Kilmer, but newsmen have had difficulty pinning down the information.

The Newark Star-Ledger today quoted an unnamed director of a volunteer agency as saying a refugee had told him he had

Big Tanker Plane Crashes In Alaska

ANCHORAGE, Alaska (AP)—The Alaskan Air Command reported today that a four-engine tanker plane carrying eight men had crashed northwest of Willow, 50 miles north of Anchorage.

It was not known whether there were any survivors. A ground party was enroute to the crash scene.

The plane crashed on Bald Mountain just minutes after taking off from Elmendorf Air Force Base late last night on a routine training mission, the Air Force said.

FLYING QUEENS KEEP UP THEIR WINNING WAYS

PLAINVIEW, Tex. (AP) — At least 26 more consecutive victories straight women's AAU basketball championship are the goals of the Hutchinson Flying Queens of Wayland College, one of the country's winningest teams.

The girl cagers from this small Southern Baptist college (520 students) in West Texas have already compiled a memorable record. In the past three years they have won 75 straight victories and three national titles.

Sub All-Time Mark

The other night they opened the season with a 42-30 triumph over Clarendon Junior College to get them off on their swing toward 102 victories. This would give them the all-time record, surpassing by one the surge of Hanes Hosiery of Winston-Salem, N. C., in 1951-52-53. Hanes won three straight National AAU championships as did Tulsa Business College in the 1930s.

The Queens ended Hanes' long reign in 1954 and have taken charge of women's basketball since. Teams which may stand between Wayland and the record are Nashville Business College, last year's runnerup, and Iowa Wesleyan College.

Since 1949 the local team has been sponsored by Claude Hutchinson, Plainview rancher and air service operator.

Most of the girls attend Wayland on scholarships.

All-America Honors

Six Queens have earned All-America honors with Lometa Odum, a 1956 graduate, making the team four straight times. Ruth Cannon was chosen three times and Faye Wilson twice.

Raye Wilson, Rita Alexander and Kaye Garms also have made the dream team. Faye and Raye Wilson are twins.

Alexander and Garms are back to spark this season's team along with one other returning starter, Cookie Barron. Other probable regulars include Judy Bugher and Mona Poff, and Carolyn Miller, only freshman to break the barrier.

Coach of the Queens is Harley Redin, who also coaches the boys' team, the Pioneers, who have won two straight district NAIA titles the past three years. His assistant is Ed Billings, a former Pioneer player.

TRESSLER RITES HELD

Six grandsons served as pallbearers at the funeral of Mrs. Cora Adela Tressler, 84, wife of Martin C. Tressler, Fairfield R. 1, who died Sunday morning at her home. The services were held Wednesday afternoon at 2 o'clock from St. Jacob's Reformed Church in Harbaugh's Valley. The Rev. Troy Orr and the Rev. Harold Myers officiated. Interment was made in the church cemetery. The bearers were Norman Tressler, Jr., Joseph, Wilbur, Daniel, Merrel and Calvin Tressler.

seen at Kilmer "the same police-refugee man who had arrested him six years ago and had him imprisoned for five years."

The Star-Ledger said it also was told by two refugees that one secret policeman was about to board a plane Dec. 18 at Salzburg, Austria, when refugees recognized him and beat him.

Hoover Accepts But Truman Declines

WASHINGTON (AP) — Former President Herbert Hoover has accepted an invitation to the inauguration of President Eisenhower on Jan. 21, but former President Harry S. Truman has declined.

Sen. Bridges (R-NH), chairman of the Congressional Inaugural Committee, announced this today. Hoover, Republican president in 1929-33, will attend the ceremonies at the Capitol, Bridges said. He said Truman, Democratic president from 1945 until Eisenhower took office in 1953, informed the committee.

"I wish I could come and regret that it will not be possible for me to do so."

Bridges also announced that singers Marian Anderson and Brian Sullivan will participate. Miss Anderson will sing the "Star Spangled Banner" and Sullivan will sing "America."

WILL OPPOSE ADMISSION OF NEW REFUGEES

By LEWIS GULICK
WASHINGTON (AP)—Rep. Burton (D-Tex.) said today he will oppose any legislative proposal by the number of Hungarian refugees allowed to come to America.

But Rep. Burdick (R-ND) said he would favor raising the Hungarian refugee quota, now fixed at 21,500. Burdick is a member of the Judiciary Committee which would consider such legislation. Burton is not, but heads a special national security subcommittee of the House Foreign Affairs Committee.

The opposing views, given in separate interviews, were a sign that an Eisenhower proposal to ease the refugee problem might not have entirely smooth sailing in Congress.

Going Over Quota
Yesterday Eisenhower ordered U. S. agencies to continue processing applications of refugees who want to come here, even though the present quota is all allotted. Assistant press secretary Murray Snyder in announcing the President's action, made clear it is a tentative move pending a final decision on whether to raise the quota.

He said this decision will not be made until after Eisenhower puts the refugee problem before a scheduled New Year's Day meeting with congressional leaders of both parties.

Nixon Reports
Vice President Nixon, just returned from a trip to the Austro-Hungarian border, met with Eisenhower yesterday to tell of his view that America "must do more" to help the refugees from Communist oppression. He said Eisenhower assigned a "top priority" to the quota matter.

Burdick said admitting the refugees cannot be justified either for national interest or humanitarian reasons.

He said the large number of escapes allowed shows the Russians feel it is to their advantage to have the mass exodus. Further, he said, the escapes are not carefully screened and there could be Communist secret police among them.

Burdick said flatly, "I'd be in favor of raising the quota."

"Any time they're murdering people I'm in favor of helping the victims," he said. "They know more about communism than we ever will here. They've lost their jobs and risked their lives opposing it."

HAM IN MANY FORMS WILL BE STORE FEATURE

By THE ASSOCIATED PRESS
Tired of eating turkey?
If you are, you'll be glad to know several other meats will be featured at the meat counters of the nation's supermarkets and neighborhood groceries this week-end.

Ham, a top favorite for New Year's Day in recent years, will be prominently displayed, at attractive prices, in many stores. Both smoked and fresh hams are included. Canned hams, convenient for entertaining, also will be specials in some places.

Feature Lamb
Leg of lamb is scheduled for feature treatment, too. So are steaks, chickens, corn beef and, in some places, geese and ducks. Chicken prices are down 2 to 10 cents and pork up 6 to 12 cents in scattered sections. Some places had eggs down 2 or 3 cents.

Some supermarkets will have a special on turkeys again, however, apparently on the theory that some families may have missed out on the bird at Christmas. Prices are about the same as last week, which means 4 or 5 cents a pound under 1955.

Gobbler prices should be low again next year, incidentally, for the Department of Agriculture expects turkey production to exceed 1956's record crop.

Vegetable Outlook
For vegetables, the department says acreage planted for fresh market vegetables is expected to be about the same in 1957 as this year. Supplies of both canned and

Officer Shoots Self Instead Of Bear

OIL CITY, Pa. (AP)—Patrolman Carl E. Smith, 24, has a real bear story to tell—but no bear.

The officer was en route home yesterday when he spotted a bear near a private swimming pool. Stopping his car, Smith drew his service revolver as he got out. He stumbled, discharging the pistol.

The shot pierced Smith's left leg and he is in a hospital. The bear, said the officer, just ambled off into the hills.

Smith, though, are expected to be materially larger than a year earlier into mid-1957, the end of the current marketing year.

For this week, however, prices of most vegetables were reported about the same as last week in most areas. This means that potatoes, onions and cabbage again will be the best buys.

Department of Agriculture experts look for supplies of potatoes to be considerably larger this winter and into spring, because the important fall crop tops the previous year by almost 13 per cent. They also expect larger supplies from the winter crop, although this is less of a factor than storage supplies from the big fall crop, because Florida and California growers intend planting one-third more acreage than last year this winter.

The historic Australian plane, The Southern Cross, in which Sir Charles Kingsford Smith, Charles Ulm, James Warner and Harry Lyon made the first trans-Pacific flight in 1928, is being preserved as a national memorial in a special building in Brisbane.

SUMMON GRAND JURY IN MAP PIRATING CASE

PITTSBURGH (AP)—A federal grand jury was summoned today to look into the alleged pirating of valuable oil exploration maps from the Gulf Oil Corp. offices here.

The case came to light Dec. 18 when U. S. Atty. Malcolm Anderson made a public announcement and FBI agents arrested three men in New York.

Anderson said the maps were stolen by a trusted Gulf employee who was in debt to New York gamblers. He said potential oil reserves were listed on the maps and that the information was used to purchase leases before Gulf's real estate department could do so.

Got Prison Term
Identity of the Gulf employee or his whereabouts was not disclosed. Those arrested in New York were Marvin Levia, 34, Orange, Tex.; Odie Richard Seagraves, 40, of Houston, Texas, and New York, and Edward Lieberman, 30, New York. They are free on bond on charges of transporting stolen property in interstate commerce. Also named in the federal warrants was Emmanuel Lester, 32, New York. Lester was sentenced in New York last Thursday to a 2½-to-5-year prison term for attempted extortion of the slain financier Serge Rubinstein.

RETARDED CHILD CREATES SCHOOL CARE PROBLEM

By DOROTHY V. WHIPPLE, M.D.
The Associated Press

Once a family has accepted the fact that they have a retarded child and have begun to make serious and long-range plans for the child's life, the problem comes up as to whether to keep the child at home or send him away to a residential school.

Conditions are different with every child with every family—what is best in one situation is not necessarily right in another. There are, however, certain factors that must be considered in all cases.

First is the amount of retardation. The more severely a child is handicapped, the more likely it is that the family will find his care an almost insurmountable burden. During infancy parents expect to take care of all the physical needs of a child. They expect to feed, dress and wash a baby, but the prospect of giving this much care for years on end is another story. It means in general that mother has a fulltime job ahead of her for the rest of her life. She must make the decision as to whether or not she wishes to undertake such a life job.

Not Noticeable
It is not, however, always possible to determine in early infancy just how severely retarded a child may be. It is often necessary to wait a few years before you know whether your child is so retarded that he will never be able to care for his own physical needs.

Next is the behavior of the child. Some retarded children are sweet-tempered and docile, and, even though unable to attend school, are pleasant members of a household. Others, however, who may even be brighter, are aggressive, destructive and really quite difficult to live with. Such children are sometimes happier themselves in the restricted environment of a school especially adapted to their needs. At home this type of child keeps the family in turmoil and may even interfere with the best development of the normal children.

Mrs. Masters had to cope with Bob all day long. She was exhausted and at her wit's end and came to the conclusion everyone would be better off if Bob were sent to the state school. Mr. Masters, on the other hand, who seldom saw Bob except for half an hour in the evening, was very reluctant to "put his boy away." Eventually he acceded to his wife's pressures and now five years later admits that both Bob and the rest of the family are much happier.

Residential Schools
The facilities in your community may be very good for the training of children with the milder degrees of retardation or they may be non-existent. A good residential school may be able to give your child education and training that will make him a self-sufficient adult.

If the facilities in your community are not adequate you may be able, through the combined efforts of other parents, to improve them to the point where there is no need to send your child away.

Long-range plans for a retarded child must include provision for him after you are no longer able to give it. Sometimes state schools will accept children and care for them for life, but will not accept adults.

You can obtain information to help you make the decision about a residential school, and also information about specific schools.

Mrs. Walter Franklin, 39, was reported missing Wednesday by her husband, a Kansas City dealer in oil and uranium stocks. He expressed fear she had been kidnapped. She returned home nearly hysterical last night and told of being abducted by two men.

As he was about to evacuate the Philippines in 1943, Gen. Douglas MacArthur vowed to the people of the Islands: "I shall return."

On Oct. 20, 1944, MacArthur kept his promise and landed on Leyte. To commemorate this occasion, the Philippines has issued a special 5 cents stamp depicting the monument to MacArthur's World War II liberation forces on Leyte, reports the Philippine Director of Posts.

Five commemorative stamps have been selected by Postmaster General Arthur E. Summerfield for issuance in 1957. These stamps will honor the 200th anniversary of Alexander Hamilton's birth; the 150th anniversary of the establishment of the Coast and Geodetic Survey; 50th anniversary of Oklahoma's admission to the Union; the school teachers of America plus another in the wildlife series.

Dates, places of first day sale and other details, including designs, will be announced later.

Syria reports that the remainder of the stamps issued to com-

from Kirk, Karnes and Kirk's new book "You and Your Retarded Child."

memorate the 10th anniversary of the United Nations will be overprinted to honor the 11th anniversary.

Jamaica has issued a new definitive set of 10 values. Some of the designs feature: palm, sugar, pineapple, bananas, mahoe, breadfruit, ackee, Doctor Bird, Blue Mountain Peak, Royal Botanic Gardens, raffia on the Rio Grande, and Fort Charles. Four of the adhesives depict the Jamaican Coat of Arms.

The "Collectors of Religion on Stamp Society" voted the 1955 adhesive by Saar depicting "praying hands" as the most outstanding religious design of the year. The design was taken from Albert Durer's painting which now hangs in the Albertina Library in Vienna.

Eight new stamps have been issued by New Hebrides, reports the New York Stamp Co. This set commemorates the 50th anniversary of the Condominium's existence. The 5 cents and 10 cents values show a sailing vessel superimposed over a map of New Hebrides and symbolizing the discovery of the territory in 1606. The 20 c and 50 c feature the French and British symbols—Britannia and La Marianne.

A duplicate set is being issued by France since the group of islands in the south Pacific (just north of New Caledonia) is under joint administration of Britain and France.

U. S. FASHION COMES OF AGE

By DOROTHY ROE
The Associated Press

Having attained the ripe old age of about 50 years, American fashion is a big boy now. The biggest in the world, if you want to make comparisons.

Recent establishment of a Fashion Hall of Fame, with designer Norman Norell its first member, calls attention to the growing influence of American designers on world fashion trends. The announcement was made during ceremonies attending the City American Fashion Critics Awards, given this year to milliner Sally Victor and young Cuban designer Luis Palaver.

A return award was made to James Galanos of California, 30-year-old sensation of the high-fashion world. And a special award was given to a mother-son team, Gertrude and Robert Goldworm, for carving out new horizons in the field of knitwear.

Made At Home
It was pointed out that until after the turn of the century, America had no fashion industry as it is known today. Most clothes were made at home or by the family dressmaker, by patterns adapted from the French. Development of the sewing machine on commercial mass-production basis gave birth to the business of ready-to-wear, which now is among the nation's top three or four industries.

With growth of the garment industry came emergence of American designers, who first began around the start of World War I, with the first fashion "Winnies" awarded in 1943. Since then the annual awards have gone to a growing and imposing group of designers, each of whom has given new stature and importance to American fashions.

Jesse Harrell, 12, thought he had a sure winner with his pet lamb at the Montana State Fair. But the judges ruled there was no category for a five-legged sheep.

WILL OPPOSE ADMISSION OF NEW REFUGEES

By LEWIS GULICK
WASHINGTON (AP)—Rep. Burleson (D-Tex.) said today he will oppose any legislative proposal by the number of Hungarian refugees allowed to come to America.

But Rep. Burdick (R-ND) said he would favor raising the Hungarian refugee quota, now filled at 21,500. Burdick is a member of the Judiciary Committee which would consider such legislation. Burleson is not, but heads a special national security subcommittee of the House Foreign Affairs Committee.

The opposing views, given in separate interviews, were a sign that an Eisenhower proposal to ease the refugee problem might not have entirely smooth sailing in Congress.

Going Over Quota

Yesterday Eisenhower ordered U. S. agencies to continue processing applications of refugees who want to come here, even though the present quota is all allotted.

Assistant press secretary Murray Snyder in announcing the President's action, made clear it is a tentative move pending a final decision on whether to raise the quota.

He said this decision will not be made until after Eisenhower puts the refugee problem before a scheduled New Year's Day meeting with congressional leaders of both parties.

Nixon Reports

Vice President Nixon, just returned from a trip to the Austro-Hungarian border, met with Eisenhower yesterday to tell of his view that America "must do more" to help the escapees from Communist oppression. He said Eisenhower assigned a "top priority" to the quota matter.

Burleson said admitting the refugees cannot be justified either for national interest or humanitarian reasons.

He said the large number of escapes allowed shows the Russians feel it is to their advantage to have the mass exodus. Further, he said, the escapees are not carefully screened and there could be Communist secret police among them.

Burdick said flatly, "I'd be in favor of raising the quota."

"Any time they're murdering people I'm in favor of helping the victims," he said. "They know more about communism than we ever will here. They've lost their jobs and risked their lives opposing it."

HAM IN MANY FORMS WILL BE STORE FEATURE

By THE ASSOCIATED PRESS

Tired of eating turkey? If you are, you'll be glad to know several other meats will be featured at the meat counters of the nation's supermarkets and neighborhood groceries this week-end.

Ham, a top favorite for New Year's Day in recent years, will be prominently displayed, at attractive prices, in many stores. Both smoked and fresh hams are included. Canned hams, convenient for entertaining, also will be specials in some places.

Feature Lamb

Leg of lamb is scheduled for feature treatment, too. So are steak, chickens, corn beef and, in some places, geese and duck. Chicken prices are down 2 to 10 cents and pork up 6 to 12 cents in scattered sections. Some places had eggs down 2 or 3 cents.

Some supermarkets will have a special on turkeys again, however, apparently on the theory that some families may have missed out on the bird at Christmas. Prices are about the same as last week, which means 4 or 5 cents a pound under 1955.

Gobbler prices should be low again next year, incidentally, for the Department of Agriculture expects turkey production to exceed 1956's record crop.

Vegetable Outlook

For vegetables, the department says acreage planted for fresh market vegetables is expected to be about the same in 1957 as this year. Supplies of both canned and

CHRISTMAS HAD BEEN HAPPY FOR DRIVER AND GIRL

CLEVELAND (AP) — An 18-year-old girl and a 52-year-old bus driver had special reasons to be happy this Christmas season—but nobody knows about the man who shot them dead on a Greyhound bus at the Cleveland terminal yesterday.

His body is still at the county morgue, unidentified.

Miss Georgeann Kartzke, on her way from Virginia to a second Christmas celebration in Chicago, had complained that the man was bothering her on the bus.

Leo T. Almerico, the driver who had become a grandfather Christmas day, told him to stop it or get off.

"I'll get off," he replied, pulled out an automatic pistol and shot the driver and the girl, fatally wounding both. Then he ran into the waiting room, where he engaged in a gun duel with police. Five persons in the waiting room were wounded.

Police cornered the killer in a churchyard several blocks away, where he was slain after firing one more wild shot at the officers.

Israel Opens Naval Base On Aquaba Gulf

TEL AVIV (AP)—Israel officially opened a naval base today at the Gulf of Aquaba port of Eilat, on the southern tip of the country.

Opening of the base followed the arrival at Eilat of the Israeli navy frigate Miznak. For the first time in history the tiny Israeli navy is operating in two seas.

The new base will guard the nation's southern sea lane through the Gulf of Aquaba to the Red Sea, Egyptian gun positions overlooking the gulf from the adjoining Sinai Peninsula had kept most Israeli-bound shipping out before the invasion of the Sinai. WASHINGTON (AP) — Belated final figures from Rhode Island today built up President Eisenhower's plurality over Adlai Stevenson in the November election to 9,548,055 votes.

Count of absentee ballots, finally completed, added a net of 5,701 to Eisenhower's advantage.

The new Rhode Island totals are Eisenhower 229,677, Stevenson 163,521, for a state plurality of 66,156.

2 KILLED NEAR CHAMBERSBURG IN AUTO CRASH

CHAMBERSBURG, Pa. (AP) — A Greencastle man and wife and their six children remained hospitalized today as the result of an automobile accident that took the lives of two people.

Norman L. Walck, 68, active in Franklin County political and school affairs for many years, and his wife, Ola, 70, were crushed to death yesterday when their car struck the auto carrying the Charles Barnhart family. The Walcks were the only occupants of their auto. They were returning home from dinner with a relative in Chambersburg.

The accident occurred on U.S. 11, about 7 miles south of Chambersburg. State police said the Walck car skidded sideways across the highway into the Barnhart auto.

Barnhart, 31, and his wife, Lorraine, 29, were admitted to Chambersburg Hospital in critical condition. Their children, Linda, 9; Barry, 8; Carol, 6; Nancy, 5; Susan, 3; and Michael, 2, also were hospitalized but were listed in fair condition.

The Barnharts were driving to the hospital so that Barry could be inspected by a doctor. He was released from the hospital three days ago.

RURAL YOUTH ACTIVITIES TO FEATURE SHOW

HARRISBURG — Featuring rural youth activities tied in with the theme "Pennsylvania Agriculture Builds for Tomorrow," the 40th Anniversary Pennsylvania Farm Show here January 14-18 should excel all others, State Agriculture Secretary William L. Henning declared today.

Compared with 1917, when the first Farm Show was held, the 1957 exposition will be far beyond the highest hopes of its former founders, he said.

Trends in every phase of the Commonwealth's modernized agriculture will be reflected in the record number of farm products and commercial exhibits, and 125 scheduled events during Farm Show Week, including educational meetings for 34 statewide farm organizations.

Expect Half Million

Pennsylvania 40 years ago had approximately 210,000 farms with 18 million acres. Today 125,000 farms with 12 million acres produce as much or more in field crops and support near-record numbers of livestock and poultry.

"Technological change has come to our agriculture," the chairman of the Farm Show Commission declared. "In tractors alone the number has increased in four decades from fewer than 5,000 to more than 165,000. The Farm Show brings out these and many other aids to farming in a mechanized age that will continue to build a bigger and better agriculture for the years to come."

More than half a million visitors are expected at the show which annually attracts people from most states and many foreign countries. While doors open at 8 o'clock Monday morning, January 14, formal dedication of the 41 Farm Show will be by Governor George M. Leader, preceding a demonstration in horsemanship by the Pennsylvania State Police.

To Set Records

The coming Farm Show will establish many new records, including \$58,556 offered in premiums; Christmas trees and hay in competition for the first time; numbers of livestock and poultry entered; expanded youth programs; enlarged facilities for dispensing food food, and a special front lobby display by the state poultry industry.

There will be a 40th birthday anniversary observance during the exposition.

Streamlined to modern conditions, the 1957 Pennsylvania Farm Show will present "Pennsylvania agriculture on parade," a guide and a challenge to future advancement of farming and rural living, Secretary Henning asserted.

Big Tanker Plane Crashes In Alaska

ANCHORAGE, Alaska (AP)—The Alaskan Air Command reported today that a four-engine tanker plane carrying eight men had crashed northwest of Willow, 50 miles north of Anchorage.

It was not known whether there were any survivors. A ground party was enroute to the crash scene.

The plane crashed on Bald Mountain just minutes after taking off from Elmendorf Air Force Base late last night on a routine training mission, the Air Force said.

FLYING QUEENS KEEP UP THEIR WINNING WAYS

PLAINVIEW, Tex. (AP) — At least 25 more consecutive victories straight women's AAU basketball championship are the goals of the Hutchinson Flying Queens of Wayland College, one of the country's winningest teams.

The girls cagers from this small Southern Baptist college (520 students) in West Texas have already compiled a memorable record. In the past three years they have won 75 straight victories and three national titles.

Sub All-Time Mark

The other night they opened the season with a 42-30 triumph over Clarendon Junior College to get them off on their swing toward 102 victories. This would give them the all-time record, surpassing by one the surge of Hanes Hosley of Winston-Salem, N. C., in 1951-52-53. Hanes won three straight National AAU championships as did Tulsa Business College in the 1930s.

The Queens ended Hanes' long reign in 1954 and have taken charge of women's basketball since. Teams which may stand between Wayland and the record are Nashville Business College, last year's runnerup, and Iowa Wesleyan College.

Since 1949 the local team has been sponsored by Claude Hutchinson, Plainview rancher and air service operator.

Most of the girls attend Wayland on scholarships.

All-America Honors

Six Queens have earned All-America honors with Lometa Odum, a 1956 graduate, making the team four straight times. Ruth Cannon was chosen three times and Faye Wilson twice.

Raye Wilson, Rita Alexander and Kaye Garms also have made the dream team Faye and Raye Wilson are twins.

Alexander and Garms are back to spark this season's team along with one other returning starter, Cookie Barron. Other probable regulars include Judy Bugher and Mona Poff, and Carolyn Miller, only freshman to break the barrier.

Coach of the Queens is Harley Redin, who also coaches the boys' team, the Pioneers, who have won two straight district NAIA titles the past three years. His assistant is Ed Billings, a former Pioneer player.

TRESSLER RITES HELD

Six grandsons served as pallbearers at the funeral of Mrs. Cora Adela Tressler, 84, wife of Martin C. Tressler, Fairfield R. 1, who died Sunday morning at her home. The services were held Wednesday afternoon at 2 o'clock from St. Jacob's Reformed Church in Harbaugh's Valley. The Rev. Tor Orr and the Rev. Harold Myers officiated. Interment was made in the church cemetery. The bearers were Norman Tressler, Jr., Joseph Wilbur, Daniel Merrell and Calvin Tressler.

ALERT TO RED POLICE AMONG NEW REFUGEES

CAMP KILMER, N.J. (AP) — An Army spokesman said today that Hungarian Reds may try to plant secret police among refugees coming to America but that government agencies are alert to the possibility.

The statement came on the heels of a published report that Hungarian refugees already had seen a Hungarian secret policeman at the camp here and at other camps in Austria.

The spokesman, who asked not to be identified, said "It has been explained to us" that certain Communists may try to enter the country. He said he thought undesirable could be easily stopped.

Many Rumors

There have been rumors among refugees here for several days that at least one secret policeman had entered Camp Kilmer, but newsmen have had difficulty pinning down the information.

The Newark Star-Ledger today quoted an unnamed director of a volunteer agency as saying a refugee had told him he had seen at Kilmer "the same policeman who had arrested him six years ago and had him imprisoned for five years."

The Star-Ledger said it also was told by two refugees that one secret policeman was about to board a plane Dec. 18 at Salzburg, Austria, when refugees recognized him and beat him.

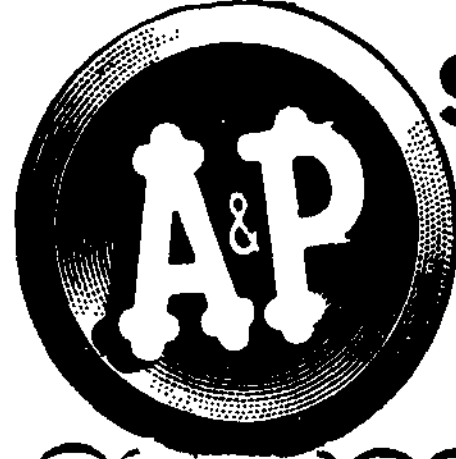

Hoover Accepts But Truman Declines

WASHINGTON (AP) — Former President Herbert Hoover has accepted an invitation to the inauguration of President Eisenhower on Jan. 21, but former President Harry S. Truman has declined.

Sen. Bridges (R-NH), chairman of the Congressional Inaugural Committee, announced this today. Hoover, Republican president in 1929-33, will attend the ceremonies at the Capitol, Bridges said. He said Truman, Democratic president from 1945 until Eisenhower took office in 1953, informed the committee.

"I wish I could come and regret that it will not be possible for me to do so."

Bridges also announced that singers Marian Anderson and Brian Sullivan will participate. "Miss Anderson will sing the 'Star Spangled Banner' and Sullivan will sing 'America.'"

NEXT HOLIDAY MAY BRING 490 DEATHS ON ROAD

CHICAGO (AP)—Traffic deaths, which soared to an all-time high for any holiday during the Christmas period, may also hit a record toll during the long New Year weekend.

Deaths on the nation's highways from 6 p.m. (local time) Friday to midnight Tuesday, the National Safety Council estimates may total 490. That would be 83 more than the record of 407 deaths for a New Year period, established during a four-day span in 1952-53.

The 490 traffic toll was termed possible by the council "unless there is a sharp improvement in the driving habits that shocked the nation over Christmas." It said the toll for a similar nonholiday period at this time of year would be 420.

Xmas Total Is 706
In the four-day Christmas period, traffic fatalities totaled 706, the first time during any holiday period in U. S. history they climbed above 700. The council's pre-Christmas estimate was 660. During the 1956 Christmas and 1956 New Year holidays, the combined traffic death tolls hit a record of 973. The New Year period total was 364. Each holiday period for counting purposes, was three days.

The final tabulation of all accidental deaths for this Christmas period of 102 hours showed a total of 884, a new all-time high for any holiday. The previous record was 805, during the Fourth of July celebration in 1955.

In addition to the 706 traffic deaths, 54 persons perished in fires and 124 others lost their lives in falls and other accidents.

Passenger cars account for 80 per cent of all motor vehicle miles traveled in the United States.

Maria Dionne Has Closed Flower Shop

MONTREAL (AP)—Maria Dionne has closed her flower shop, the first personal business venture of any of the famous quintuplets.

Unconfirmed reports said the shop lost \$25,000 during its seven-month operation. Neighbors said it attracted large numbers of tourists, but apparently Marie and not flowers was their object.

SCIENCE MAKES NEW GUESSES ON HOW LIFE BEGAN

By ALTON L. BLAKESLEE
Associated Press Science Reporter
NEW YORK (AP)—Lightning flashing through deadly gases of an eerie world could have sparked the beginning of life on earth, a scientist said today.

The dazzling electric bolts could have created complex chemicals from the gases. From these new-born chemicals came living matter.

This theory and experiments to support it were described in a speech prepared for an opening session of the American Assn. for the Advancement of Science.

Some Late Guesses
Some of the latest scientific guesses about how life began were presented at a conference held by the association and the New York Academy of Science.

Scientists generally think life began in the salty oceans. Somehow, organic or living chemicals were formed out of inorganic or nonliving chemicals.

Some scientists, among them Nobel prize winner Dr. Harold Urey, Chicago, have proposed that our primitive earth had an atmosphere of poisonous gases such as methane and ammonia, plus water and hydrogen. Lightning might have created the reaction which produced the chemicals for life to

begin.

Nine Acids Formed
Testing this, Dr. Stanley L. Miller biochemist of Columbia University's College of Physicians and Surgeons, exposed just such a mixture of gases to a series of electric discharges for one week.

The man-made "lightning" created some amino acids, the building blocks that make up proteins such as flesh, nerve and hair. Nine amino acids were formed from the gases.

Dr. Miller said it appeared that the reactive organic compounds were formed by lightning and by ultraviolet light in the atmosphere. Rains carried them down into the oceans, where they reacted to form amino acids and other complex organic compounds.

Such reactions "would give a great many of the compounds that are components of present living organisms," he said.

Antibiotics tame the killers of our youth

Only yesterday, it seems, pneumonia, blood poisoning, and spinal meningitis were vicious threats to childhood happiness.

Today the picture is brighter thanks to the germ-killing power of the antibiotics. Penicillin, for instance, has helped physicians to cut the mortality rate for pneumonia to a fraction of what it used to be.

But other diseases may require different antibiotics. That's why our prescription department carries a complete line of antibiotics. Rest assured that our pharmacists can fill your prescription whether it calls for tablets, capsules, ointments, powders, drops, or injectables. Swift, complete service is our aim.

Today's prescription is
one of life's thriftiest purchases

Governor's Son Is Santa For Party

HARRISBURG (AP)—Gov. and Mrs. Leader and their three children were hosts at an executive luncheon Christmas Party last night for 32 members of the governor's family including 13 other children.

Michael, Leader, oldest son of the governor, impersonated Santa Claus in distributing gifts. The governor's grandmother, father, two sisters and two brothers were among the guests.

HARRISBURG (AP)—Gov. Leader yesterday designated Jan. 5 as "George Washington Carter" day in Pennsylvania.

SAY SUMATRAN LEADER GIVES UP IN REVOLT

By JAMES WILDE

JAKARTA (AP)—The leader of the army revolt in North Sumatra was believed to have surrendered to his second in command early today after tanks surrounded his home.

Col. Dham Ginting announced in a radio broadcast from Medan, the North Sumatra capital, that he had replaced the rebel leader, Col. Mahidin Simbolon, as military commander of the area.

Ginting pledged to "obey President Sukarno" and said "from now on negotiations with the central government will carry on as before."

Another Bloodless Coup
Sukarno earlier had ordered Simbolon to

Governor's Son Is Santa For Party

HARRISBURG (AP)—Gov. and Mrs. Leader and their three children were hosts at an executive mansion Christmas Party last night for 32 members of the governor's family including 13 other children.

Michael Leader, oldest son of the governor, impersonated Santa Claus in distributing gifts. The governor's grandmother, parents, two sisters and two brothers were among the guests.

HARRISBURG (AP)—Gov. Leader yesterday designated Jan. 5 as "George Washington Carver" day in Pennsylvania.

SAY SUMATRAN LEADER GIVES UP IN REVOLT

By JAMES WILDE

JAKARTA (AP)—The leader of the army revolt in North Sumatra was believed to have surrendered to his second in command early today after tanks surrounded his home.

Lt. Col. Djamin Gintings announced in a radio broadcast from Medan, the North Sumatra capital, that he had replaced the rebel leader, Col. Maludin Simbolon, as military commander of the area.

Gintings pledged to "obey President Sukarno" and said "from now on connections with the central government will carry on as before."

Another Bloodless Coup
Sukarno earlier had ordered Simbolon to hand over his command to Gintings. Simbolon had supplanted the local governments named by the central regime of Premier Ali Sastroamidjojo and demanded Sastroamidjojo's resignation.

There was no immediate word from Central Sumatra, where Lt. Col. Achmad Hussein took over the government last week in a bloodless coup similar to Simbolon's.

The story of Simbolon's ouster was brought back to Jakarta by K. H. Dachlan, chairman of the Orthodox Moslem party who returned by plane this afternoon from the party's annual conference in Medan.

Tanks Before Dawn
He said tanks surrounded Simbolon's house before dawn. The officer in command of the tanks called to Simbolon to surrender.

Dachlan said he did not hear any firing and assumed therefore Simbolon had surrendered. He added the operation was carried out so quickly that "I am sure that Simbolon did not have time to escape."

Unrest Mounts
Earlier reliable government sources had said that Gintings had the backing of only a fifth of the armed forces in North Sumatra while the remainder supported Simbolon.

Although Sukarno's effort to bolster Sastroamidjojo's government apparently had brought down Simbolon, reports of unrest in other areas of the island republic mounted.

Travelers returning from Celebes, the big odd-shaped island northeast of Java, said the northern area there is in a "critical situation." They declared the people are dissatisfied with the Sastroamidjojo government and sympathize with the rebel action on Sumatra.

Had Rebuffed Attempts
Reports from the War Ministry in Jakarta said the chiefs of staff of the army, navy and air force were conferring with Sastroamidjojo.

NEXT HOLIDAY MAY BRING 490 DEATHS ON ROAD

CHICAGO (AP)—Traffic deaths, which soared to an all-time high for any holiday during the Christmas period, may also hit a record toll during the long New Year weekend.

Deaths on the nation's highways from 6 p.m. local time Friday to midnight Tuesday, the National Safety Council estimates, may total 490. That would be 83 more than the record of 407 deaths for a New Year period, established during a four-day span in 1952-53.

The 490 traffic toll was termed possible by the council "unless there is a sharp improvement in the driving habits that shocked the nation over Christmas." It said the toll for a similar nonholiday period at this time of year would be 420.

Xmas Total Is 706

In the four-day Christmas period, traffic fatalities totaled 706, the first time during any holiday period in U. S. history they climbed above 700. The council's pre-Christmas estimate was 660.

During the 1955 Christmas and 1956 New Year holidays, the combined traffic death tolls hit a record of 973. The New Year period total was 364. Each holiday period for counting purposes, was three days.

The final tabulation of all accidental deaths for this Christmas period of 102 hours showed a total of 884, a new all-time high for any holiday. The previous record was 805, during the Fourth of July celebration in 1955.

In addition to the 706 traffic deaths, 54 persons perished in fires and 124 others lost their lives in falls and other accidents.

Passenger cars account for 80 per cent of all motor vehicle miles traveled in the United States.

Maria Dionne Has Closed Flower Shop

MONTREAL (AP)—Maria Dionne has closed her flower shop, the first personal business venture of any of the famous quintuplets.

Unconfirmed reports said the shop lost \$25,000 during its seven-month operation. Neighbors said it attracted large numbers of tourists, but apparently Marie and not flowers was their object.

SCIENCE MAKES NEW GUESSES ON HOW LIFE BEGAN

By ALTON L. BLAKESLEE
Associated Press Science Reporter

NEW YORK (AP)—Lightning flashing through deadly gases of an eerie world could have sparked the beginning of life on earth, a scientist said today.

The dazzling electric bolts could have created complex chemicals from the gases. From these new-born chemicals came living matter.

This theory and experiments to support it were described in a speech prepared for an opening session of the American Assn. for the Advancement of Science.

Some Late Guesses

Some of the latest scientific guesses about how life began were presented at a conference held by the association and the New York Academy of Science.

Scientists generally think life began in the salty oceans. Somehow, organic or living chemicals were formed out of inorganic or nonliving chemicals.

Some scientists, among them Nobel prize winner Dr. Harold Urey, Chicago, have proposed that our primitive earth had an atmosphere of poisonous gases such as methane and ammonia, plus water and hydrogen. Lightning might have created the reaction which produced the chemicals for life to

begin.

Nine Acids Formed

Testing this, Dr. Stanley L. Miller, biochemist of Columbia University's College of Physicians and Surgeons, exposed just such a mixture of gases to a series of electric discharges for one week.

The man-made "lightning" created some amino acids, the building blocks that make up proteins such as flesh, nerve and hair. Nine amino acids were formed from the gases.

Dr. Miller said it appeared that the reactive organic compounds were formed by lightning and by ultraviolet light in the atmosphere. Rains carried them down into the oceans, where they reacted to form amino acids and other complex organic compounds.

Such reactions "would give a great many of the compounds that are components of present living organisms," he said.

Antibiotics tame the killers of our youth

Only yesterday, it seems, pneumonia, blood poisoning, and spinal meningitis were vicious threats to childhood happiness.

Today the picture is brighter thanks to the germ-killing power of the antibiotics. Penicillin, for instance, has helped physicians to cut the mortality rate for pneumonia to a fraction of what it used to be.

But other diseases may require different antibiotics. That's why our prescription department carries a complete line of antibiotics. Rest assured that our pharmacists can fill your prescription whether it calls for tablets, capsules, ointments, powders, drops, or injectables. Swift, complete service is our aim.

Today's prescription is
one of life's thriftiest purchases

Important Announcement

The following member banks of The Adams County Bankers Association announce that beginning January 1, 1957, they will pay interest at the rate of $2\frac{1}{2}\%$ per annum on Savings Accounts and Certificates of Special Deposit.

THE NATIONAL BANK OF ARENDTSVILLE
THE BENDERSVILLE NATIONAL BANK
THE BIGLERVILLE NATIONAL BANK
THE FIRST NATIONAL BANK OF GETTYSBURG
THE FIRST NATIONAL BANK OF FAIRFIELD
THE LITTLESTOWN NATIONAL BANK
THE LITTLESTOWN STATE BANK
FARMER'S STATE BANK OF EMMITSBURG, MARYLAND
*FARMERS' & MERCHANTS' BANK OF NEW OXFORD
**THE FIRST NATIONAL BANK OF YORK SPRINGS

It is pointed out that $2\frac{1}{2}\%$ is the highest rate of interest that can legally be paid on deposits either by State or National Banks located in Pennsylvania, under presently existing law.

Regulation "Q" which was promulgated by The Board of Governors of The Federal Reserve System and which regulates the payment of interest on Time and Savings Deposits by all member banks of the Federal Reserve System was recently amended permitting a maximum rate of 3% to be paid on Time and Savings Deposits by all member banks, beginning January 1, 1957. However, this right is not absolute but is contingent upon the maximum rates permitted to be paid by State Banks of each individual state. Since $2\frac{1}{2}\%$ is the maximum rate permitted to be paid by State Banks located in Pennsylvania, this applies to all National Banks in this state and prohibits them from paying rates in excess of $2\frac{1}{2}\%$ on any type of deposit.

It is the hope of all the banks whose names are subscribed hereto that the increased rate will encourage their customers to save in order to provide more security for themselves and a larger reservoir of funds from which loans can be made to help promote the welfare of business, agriculture and the individual. This action is in conformity with their policy of conducting their operations for the maximum benefit of their customers.

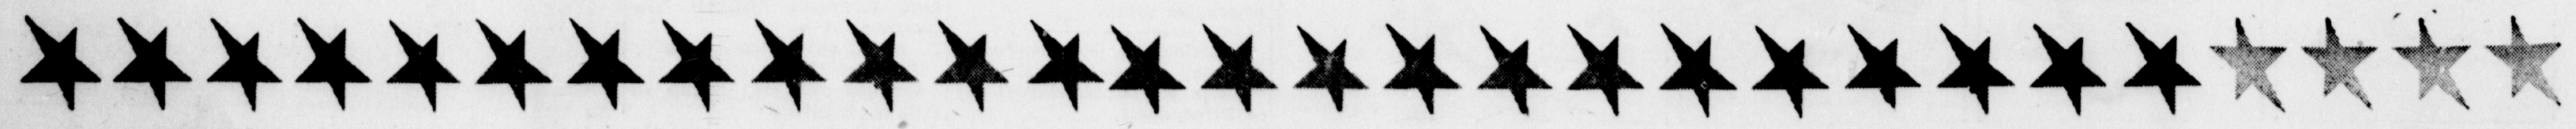

*Will pay the increased rate of $2\frac{1}{2}\%$ on Certificates of Special Deposit only.

**Will begin paying the increased rate of $2\frac{1}{2}\%$ on Feb. 1, 1957.
